Selfridge Air Unit Reports 99% Ready

MOUNT CLEMENS (AP) — Members of the 305th Aero Space Rescue and Recovery Squadron, called to active duty for the first time since its formation in 1958, are taking their new status in stride.

The 305th, stationed at Selfridge Air Force Base near Mount Clemens, is the only Michigan unit affected by the call-up—first of its kind since the Cuban missile crisis of 1962. Members of the unit come from as far away as Tennessee, although most are from Michigan. Their civilian jobs range from bus and taxi drivers to attorneys and engineers. By midnight they are supposed to be combat ready. Ninety-nine per cent of the 186 men have reported for duty already.

How do they feel about the callup?

Most Are Willing

A brief survey indicated most were ready, willing and able to comply with the new orders. "I'm looking forward to helping the country," said staff sergeant William Klogman of Mount Pleasant. "The callup disrupted my private life a little

but," he said, "but those with families will suffer a lot more."

Klogman said he felt proud to be in an outfit that was called up. "That gives us a feather in our cap," he said. "We've done a good job in the past and we'll do a better one as things come along."

"I don't agree with some of these protesters," he added. "Maybe I'm a little too idealistic."

Sgt. Ronald Ebylan of Utica, who has a wife and five children, said he loves his family but also loves his country. He said he knew his unit could move out at any time.

Ebylan, who has been in the Air Force for 15 years, including four years active duty, said his outfit is ready. "Our commander is gunn ho and the whole outfit is gunn ho," he said.

Proud Of Outfit

In civilian life he is an engineering file clerk for General Motors styling, but is an airborne radio operator in the Air Force.

Sgt. Ralph Oakley of Mount Clemens has had only the last year to get used to being a civilian. For 13 years previous he was on active duty. He has a wife and two children.

Oakley is not resentful of his callup. "It's a job that must be done," he said. "That's what we've been training for."

"I'm proud our outfit was called," he added.

Sgt. Kenneth Yax, Air Force advisor to the 305th, said the majority of the crews are combat ready and have been training for this ever since they received some HC97 planes several years ago.

Miss Plane

The Communists fired again two hours later when a four-engine C130 cargo plane landed with supplies, but missed the plane.

Marines on hill positions northeast of the base sighted enemy movement and grenade exchanges were reported.

Enemy artillery, rockets and mortars wounded 20 Leathernecks at Khe Sanh Friday.

Elsewhere in South Vietnam, fighting was expected to continue throughout the Viet Cong standdown period, which began at 1 a.m.—noon Friday EST. The Communists had declared that any violation of this truce by the allies "will be punished severely," leaving the way open for them to keep shooting.

Forces Build Up

It was the second air cavalry brigade to move to the northern front this week.

The Army now has about 10,000 men, including artillerymen, along the northern frontier. Marine forces, also built up over the last few weeks, total about 40,000 troops. About 12,000 South Vietnamese soldiers are taking over defense of some outposts along the demilitarized zone to free more Marines for maneuver into any hot spots that develop.

The buildup is to counter an expected major North Vietnamese offensive, which U.S. commanders say may come just after the seven-day Communist cease-fire period.

Reds Mass In DMZ

U.S. intelligence reports show 32,000 to 40,000 Communist troops massed in and around the DMZ, about half of them poised near Khe Sanh, which came under heavy attack last weekend. About 5,000 Marines hold Khe Sanh, which is 16 miles below the DMZ and seven miles east of the Laotian frontier.

With their large fleet of helicopters, the newly arrived U.S. air cavalry can move quickly to wherever an assault comes.

The U.S. Marines at Khe Sanh, ignoring the Communist announcement of a cease-fire until the allies' 36-hour stand-down begins at 6 p.m. Monday, bombarded suspected enemy positions all night. The Communists opened up at 8:15 a.m. and Associated Press correspondent Peter Arnett reported from Khe Sanh that three Marines were

Pueblo Recovery By Arms Considered By President

U.N. Debates Action To Free U.S. Vessel

UNITED NATIONS, N.Y. (AP) — The U.N. Security Council's debate over North Korea's capture of the U.S. intelligence ship Pueblo centers today on a Canadian suggestion that intermediaries work on a deal for return of the vessel and her 83-man crew.

The 15-nation council scheduled a Saturday session on a U.S. complaint that North Korea seized the ship in international waters and also sent assassins into South Korea in an attempt to kill President Chung Hee Park.

U.S. Ambassador Arthur J. Goldberg filed the complaint Thursday night. Canada's suggestion came at the council's first meeting late Friday when the council voted to debate the Pueblo case 12-3 over opposition from the Soviet Union, Hungary and Algeria.

Canadian Ambassador George Ignatieff said the council should "find appropriate means" of helping get "a speedy and equitable solution."

Canadian Plan

"One way of doing this," he said, "might be to arrange for an intermediary or intermediaries to exercise good offices in this matter."

He told reporters later, "I think that is the only way to get the boat back." He expressed hope that the idea would be taken up in weekend talks among delegates on what kind of resolution the council might adopt.

A Canadian source said that by intermediary Canada meant a country rather than an individual. He said the idea was to have one or more countries acceptable to both North Korea and the United States try to settle things.

Some delegates expressed belief that a resolution along those lines, sponsored by some delegation other than the United States, was probably the only kind that would stand a chance of passing.

Reds Rebuffed

When the council met, Soviet Ambassador Platon D. Morozov and Hungarian Ambassador Karoly Csatorday fought in vain to keep the U.S. item off the agenda.

Goldberg told the council danger to international peace "will be removed only if action is taken forthwith to secure the release of the USS Pueblo and its 83-man crew and to bring to an end the pattern of armed

transgressions by North Korea against the Republic of Korea."

"This course is far more preferable to other remedies which the charter reserves to member states," Goldberg said, referring to the right of individual or collective self-defense against armed attack.

Goldberg said the Pueblo was well outside North Korea's 12-mile limit and no closer to land than 15.3 nautical miles until four North Korean patrol boats took her into Wonsan harbor. He showed her position and course on two big maps and cited North Korean radio messages on her position.

Today's Chuckle

Maybe we were pretty poor in the old days, but at least dime stores didn't have to use layaway plans.

Weather

ESCANABA AND VICINITY: Cloudy and colder with a chance of a few light snow flurries today, high 25. Cloudy with occasional light snow tonight and Sunday. Low tonight, 15 to 20. Monday outlook: warmer with rain or snow. Variable winds becoming east to northeast, 10 to 20 m.p.h. today and tonight. High yesterday, 40 and low overnight, 21. Precipitation probabilities: today, 80%; tonight, 40%; Sunday, 60%.

Upper Peninsula — Occasional light snow is likely over most of the area this afternoon, tonight and Sunday. East to northeast winds 12 to 22 miles. Not much change in temperature. Highs this afternoon 18 to 26. Lows tonight 5 to 12 above in the west half and zero to 7 above in the east section. Highs Sunday 18 to 25.

Sun sets today at 4:47 p.m. and rises Sunday at 7:15 a.m.

Kenosha Layoff

American Motors told 2,700 workers not to report to work at its Kenosha, Wis., plant Friday because of what is described as "temporary assembly problems encountered when UAW Local 72 board members refused to allow Saturday (overtime) work."

The company said most of the affected employees worked on final assembly of Javelin and Rambler American models.

It added that production continued at the company's plant in Milwaukee, Wis., which produces Ambassador and Rebel bodies.

An AMC spokesman said it expected that production would return to normal Monday with all affected employees back on the job.

S. imperialist aggressor army, writing (sic) his confessions." KCNA is North Korea's official Korean Central News Agency. (AP Wirephoto by radio from Tokyo)

Soviet Spy Ship Dogs Enterprise

WASHINGTON (AP) — A Soviet intelligence-gathering ship appeared in the midst of a U.S. naval task force standing off the coast of South Korea but no action is being taken because the ships are in international waters, defense officials report.

The trawler-like Soviet vessel was identified by Navy officials Friday as the Gidrogol, one of many such Soviet ships which operate around the globe, often close to U.S. naval forces and bases.

Like the American task force, the Gidrogol is in international waters, officials said.

The carrier Enterprise, the Truxtun, a nuclear-powered frigate, and four destroyers are standing by in the southern end of the Sea of Japan for possible use in the Pueblo crisis.

The crisis erupted when North Koreans seized the USS Pueblo, an American intelligence gathering ship, and her complement of 83. The United States maintains the Pueblo was in international waters when she was seized late Monday.

Defense officials in Washington said either the Soviet Union or the United States could seize 15 to 20 of each other's intelligence ships in a matter of hours if either side chose to take that step.

But they indicated a live-and-let-live policy has evolved on both sides about the activities of such vessels.

They said they were unable to guess why North Korea chose to pick up the Pueblo. And they stated that no policy change is expected regarding the practice

of operating unescorted intelligence-gathering vessels in North Korean waters.

The officials said the fact the Gidrogol and the Pueblo are intelligence ships has nothing to do with their rights to sail in international waters. They said the United States and the Soviet Union engage in similar activities in many places.

Copper Board Sets Hearings

WASHINGTON (AP) — A special federal panel — stressing the adverse effects of the long copper strike on the nation's economy — has urgently requested union and management negotiators to attend public hearings on the issue next week.

"The objective is a settlement," declared Dr. George Taylor, chairman of the three-man board named to try to end the 6½-month-old strike of 60,000 copper workers in 22 states.

The heads of four major copper firms and the bargaining chairman for most of the 26 unions involved were asked Friday to be in Washington for the opening of the hearings at 9 a.m. Tuesday. Joseph P. Molony, vice president of the AFL-CIO United Steel Workers Union, who heads a multunion bargaining committee, was asked to lead the union delegation.

Soviets Cold

—The State Department said the Soviet government had rebuffed a second U.S. request for help in getting release of the ship and her crew. Ambassador Llewellyn Thompson conferred with Foreign Minister Andrei A. Gromyko in Moscow, his second meeting with a Soviet official since the seizure.

—Although apprehension was growing in Seoul, the South Korean capital, U.S. officers there apparently expected no mass land war. But all ground forces were on the alert along the 151-mile demilitarized zone separating North and South Korea.

—State Department officials gathered diplomatic representatives of the 16 countries which fought North Korea in the Korean War and briefed them on the crisis.

—The State Department said any move by North Korea to try the Pueblo crew would be considered "a deliberate aggravation of an already serious situation." A broadcast from Pyongyang, North Korea's capital, had called the crewmen "criminals" who must be dealt with by law.

Ask Red Cross Aid

—The International Red Cross was asked by the U.S. government to intercede for the freedom of the men. In Geneva, the agency said it had contacted the North Korean Red Cross after receiving the request.

—At the Senate, Secretary of State Dean Rusk, after appearing before the Foreign Relations Committee, called the seizure an "outrageous act of piracy on the high seas." Once more he

asked for peaceful means fail.

"We have taken and are taking certain precautionary measures," Johnson said, "to make sure that our military forces are prepared for any contingency that might arise in the area."

"These actions do not involve a reduction in any way of our forces in Vietnam."

The President already has ordered the call-up of nearly 14,800 Air Force reserves.

At the Defense Department preparatory activity was under way in the National Guard Bureau and Reserve offices. Name lists and equipment inventories were being checked.

Guard Call Next?

Some authorities speculated Johnson's next mobilization move could be to call up a National Guard division, but the President has not announced any decision.

Three Guard divisions have had stepped-up training in recent years and their equipment supply has been improved. These are the 28th Infantry in Pennsylvania, Maryland and Ohio; the 38th in Indiana, Illinois and Michigan; and the 47th in Minnesota, Oklahoma and Wisconsin.

At full strength, a division normally numbers about 14,000 men.

Johnson's brief television-radio address was among many developments related to the seizure of the U.S. intelligence ship and her crew of 81 sailors and two civilians.

—The United States told the U.N. Security Council it is essential to peace that steps be taken to assure the release of the ship and her crew. But the Soviet Union sided with North Korea and rejected the U.S. plea. The council was to resume debate today.

—U.S. defense officials said a Soviet intelligence-gathering ship, the Gidrogol, is in the midst of a U.S. task force, including the carrier Enterprise, off South Korea, but no U.S. action is being taken because the scene is in international waters.

Man Sentenced To Prison Term, 4 On Probation

One person was sentenced to Marquette Prison, four others were placed on probation and charges against two other young men were dismissed under special conditions Friday by Judge Bernard H. Davidson in Circuit Court.

An eighth person, Wesley Caswell, 17, of Rte. 1, Gladstone, pleaded guilty on arraignment to a charge of entering without breaking and was ordered to appear April 1 for sentencing. Caswell was remanded to custody pending the posting of \$100 bond, which Davidson reduced from \$1,000.

The youth was charged with

entering the Henry Gingress home, 424 Wisconsin Ave., Gladstone. Caswell told the judge he and others entered the home to get beer.

Another person, Robert L. Stadel, 20, of 1218 Montana Ave., Gladstone, is also charged with the same offense. He has not been arraigned in Circuit Court.

Sent To Prison

Sentenced to Marquette Prison for a term of from one to five years was Roger Buckley, 21, of 1412 2nd Ave. N., Escanaba. He pleaded guilty earlier this month to a charge of unlawfully driving away an automobile.

In pronouncing sentence, Judge Davidson noted that Buckley is on parole from a previous breaking and entering sentence and in view of Buckley's prior record the court had no alternative but to send him to prison.

He ordered the new term to be served concurrently with the breaking and entering sentence. Placed on probation for two years were Thomas Valquette, 19, of Rte. 2, Bark River; Clifford Boggs Sr., 43, of Perronville; Ronald Boggs, 17, of 500 1st Ave. S., Escanaba, and Alfred Seymour, 28, of Milwaukee.

Valquette and Boggs Sr., whom Judge Davidson called the "instigators" of a breaking and entering at Sodergren's Grocery in Wells Township, both also were ordered to serve jail sentences in Delta County, Valquette for four months and Boggs Sr. for six months.

The charges against two other young men involved in the same case will be ordered dismissed. Davidson ruled, if both fulfill obligations to the U.S. Army.

Restitution Ordered
The case against Rodney Bingham, 18, of Rte. 1, Escanaba, was continued to the April term of court, but Prosecutor Nicholas Chapekis said he would ask the charge of breaking and entering be dismissed if Bingham enters the Army as he is scheduled to do Feb. 6 and Bingham's commander so informs the court.

Douglas L. Boggs, 20, of Perronville, was given permission by the court to return to the Army Jan. 20 and his case was dismissed. In addition to the probationary sentences imposed on Valquette, Boggs Sr., and Ronald Boggs, all three were ordered to make restitution of \$40 each to Lloyd Sodergren, Rte. 1, Escanaba, for damages to his store and items stolen in the breaking and entering. The men also were told to stay away from taverns during their probationary periods.

Seymour, who pleaded guilty to breaking and entering Big Bay de Noc High School, at Nahma, was ordered to make \$120 restitution to the school district and also \$76 to Delta County for the cost of bringing him back from Milwaukee.

Bank Officers Are Reelected

Directors of the Northern Michigan National Bank, Escanaba, were reelected at the annual meeting of the stockholders held at the Bank's main office on Jan. 23, it was announced today.

They are: Staci Smith, Robert E. LeMire, George S. Douglas, Percy Rosemurgy, Matt N. Smith, Hubert H. Shepeck and Guy W. Knutson.

The officers, appointed by the directors, are:

Stack Smith, president; Matt N. Smith, executive vice president; W. J. Lavolette, vice president, and cashier; James L. Schultz, vice president; Paul H. Lavolette, assistant cashier; Elmer J. Bonifas, assistant cashier; Lowell S. Hebbard, manager of the Rapid River office; Loyal E. Hanson, manager of the Bark River office; and Tony M. Fittante, manager, Installment Loan Department.

The Bank reported unusual progress for 1967 in all departments with continued growth anticipated for the coming year.

Chips And Splinters

Contributions To Chips Welcomed

Mr. and Mrs. Charles Vermullen, 525 S. 12th St., were pleasantly surprised by a long-distance telephone call Friday night.

The call, coming from a Boston, Mass., ham radio operator, allowed them to talk with their son, Charles, who is with the U.S. Navy abroad the USS Spiegel in the Caribbean Sea.

Vermullen said his son was operating a ham set aboard the ship and contacted the Boston ham operator and that through the telephone they were able to converse to 10 to 12 minutes. Charles Vermullen, 22, is a graduate of Escanaba Area High School and has been in the Navy over two years.

Michigan Farms Fewer, Larger, Survey Shows

Never in more than a century have there been as few farms as there are in Michigan today, but the average acreage in today's farms is the largest it has ever been.

The trend toward fewer and larger farms has been going on for years and is nationwide. Nationally the number of farms has shrunk a quarter since 1959.

The trend toward fewer and larger farms has been going on for years and is nationwide. Nationally the number of farms has shrunk a quarter since 1959.

On Jan. 1 there were 89,000 farms in the state. This is 3,000 less than a year ago when there were 92,000, says the Lansing office of the Crop Reporting Service which is maintained by the USDA and the Michigan Department of Agriculture.

While farms are dwindling numerically, the average size is going the other way. On Jan. 1 the average size of the Michigan farm was 152 acres and a year ago it was 145 acres. The year before that it was 142 acres.

Youths 'Ran Wild':

Charge 4 Youths With Burglaries

Four young men of the Gladstone and Bark River areas are charged with a series of breakings and enterings of camps in Menominee County — plus the burning of one camp in Gourel Township.

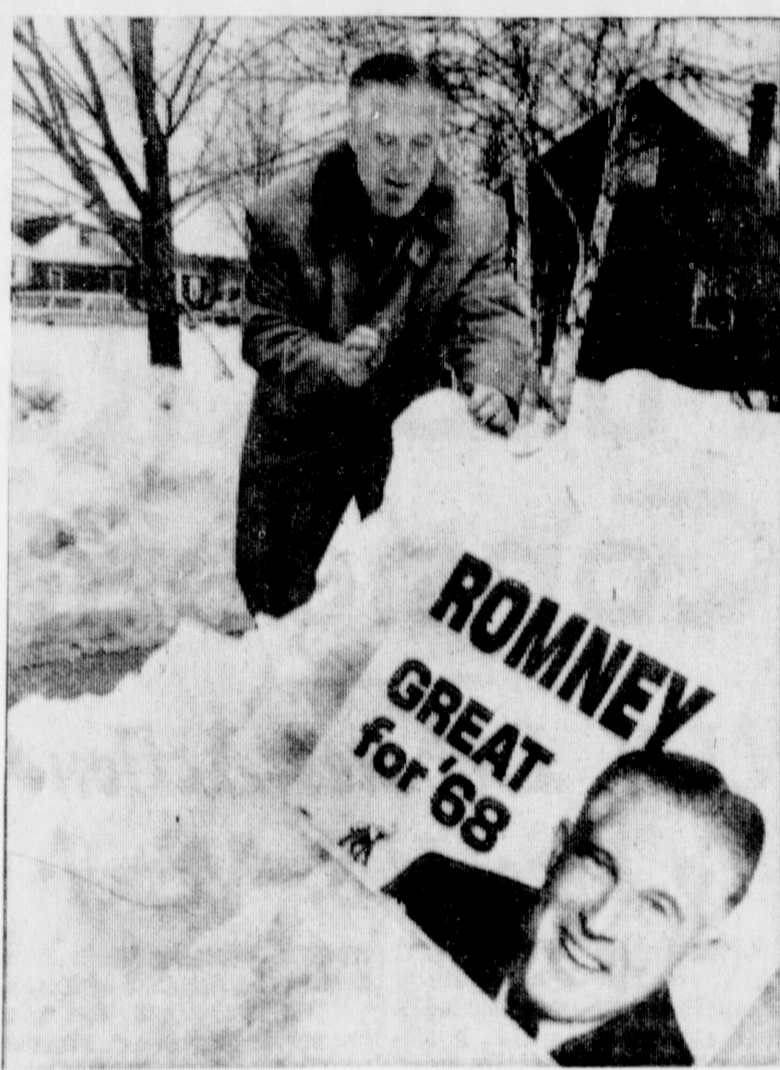

The youths "ran wild" for several months beginning in August, and two of them broke into a total of about 10 hunting camps and cottages in Cedarville and Gourel Townships in northern Menominee County, reported State Police of the Stephenson post.

The investigations and arrests were made in a cooperative action by State Police and officers of the Menominee sheriff's department.

Arrested for breaking and entering are: Douglas Konkell, 17, Bark River Rte. 1, and Gavin Bowyer, 20, of Bark River Rte. 1, who waived examination in Menominee Justice Emil Ewald's court on Friday and were bound to Circuit Court for trial.

They failed to furnish \$1,500 bond each and are held in the Menominee jail.

James Choate, 20, of 561 N. 13th St., Gladstone, and Randall Lancour, 19, of Gladstone Rte. 1, were to be arraigned today in Justice Ewald's court, and were expected to be bound over to Circuit Court for trial. State Police said that Konkell and Bowyer had entered about 10 hunting camps and

GOV. GEORGE ROMNEY found snow crust too hard for snowball making leaving Nashua, N. H. home he visited while campaigning in the Granite State. The Michigan governor, Republican presidential hopeful, is on his second campaign tour of the state seeking votes in the nation's first presidential primary March 12. (AP Wirephoto)

Michigan Tax Counsel Offered

On Monday of every week from now until April 15, Richard F. Harris, representing the Michigan Department of Treasury, Revenue Division, will be at Room 101 of the State Office Building, 305 Ludington St., from 8 a.m. to noon and 1 to 4:30 p.m. to assist taxpayers in the preparation of their Michigan income tax and intangibles tax returns.

Under the Michigan income tax any person from whom a greater amount has been withheld than is owed will get a refund, but a return will have to be filed to get any refund.

Most persons who are required to file a federal income tax return will be required to file a Michigan income tax return. If a married couple files a joint return for federal income tax, a joint return must be filed for Michigan income tax purposes.

Because the Michigan income tax did not go into effect until Oct. 1, 1967, a choice in the method of filing the return may be made. It may be filed on the basis of either the income earned or received between Oct. 1, 1967 and Dec. 31, 1967 or on the average income method whereby the tax is applied to one-quarter of the total income received or accrued in 1967. Taxpayers filing on a fiscal year basis will be required to adjust their figures to a fiscal year basis.

Individuals may use one of two forms in filing, the MI-1040A and the MI-1040. If income consists entirely of wages, interest, and dividends, the MI-1040A may be used. If the income consists of other items, the MI-1040 must be used.

For the calendar year 1967, the statutory deduction shall be \$300 per exemption. The total number of exemptions must agree with the total number of exemptions claimed on the federal tax return.

Anyone who anticipates owing Michigan income tax in excess of

\$100 for 1968, which is over and above amounts withheld, is required to file a declaration of estimated Michigan income tax.

The Michigan individual income tax returns and instructions have been placed in the mails. If you have failed to receive a return, the returns and instructions are now available at all U.S. post offices, Michigan Employment Security Commission office, and the Michigan Department of Treasury office.

Failure to have received the return or instructions does not excuse the payment of any tax that is owed. A return must be filed to receive any refund.

Senior Citizens Party Sunday At Club 314

Persons 50 years of age and over will be welcomed by the Golden Age Club and the Senior Citizens club at their Sunday afternoon social get-togethers at Club 314, it is announced by Joe Wery, Golden Age Club president.

Beginning at 1:30 p.m. Sunday they will gather at Club 314 for an afternoon of recreation including cards, and at 6 o'clock there will be a supper. Those attending are to bring their own supper, but coffee, cream and sugar will be served at the Club. The social afternoon and supper will be held each Sunday.

Bradley Peterson Under Diagnosis

Bradley Peterson, 9-year-old son of Mr. and Mrs. Roland A. Peterson, Lake Shore Drive has been admitted to Lafayette Clinic at Detroit for a six week diagnostic work-up. The child, suffering brain damage, is the first from the Upper Peninsula known to be admitted to the Lafayette Clinic.

This was made possible through the efforts and cooperation of State Rep. Charles Varum (R-Manistique) Morse Turney, chief psychologist of Newberry State Hospital, and Mrs. Louis D. Benedict, former special education director for the Delta Schoolcraft Intermediate School District.

Tax Assessors To Meet Feb. 13

The 15th annual Upper Peninsula Conference for Assessing Officers sponsored annually by the University of Michigan will be held in Escanaba on Tuesday and Wednesday, Feb. 13-14.

It is expected that over 200 public officials will attend from all parts of the Upper Peninsula. Topics to be discussed will be new legislation, the new plat law, the new mineral rights law. Members and staff of the State Tax Commission will be present to give information and answer questions.

President Thomas Jefferson introduced handshaking at the White House receptions.

Die In Vietnam

WASHINGTON (AP) — The Defense Department Friday released a list of 22 additional Americans killed in action in Vietnam, including two Michigan men.

They include Army Cpl. Robert J. Miller, son of Mr. and Mrs. Irwin Miller of Bad Axe, and Army Pfc. John R. Favor, son of Mr. and Mrs. Robert L. Favor of Flint.

Ask State Help Private Schools

FLINT (AP)—A bill seeking about \$21 million in state funds to help support parochial schools will be submitted to the Legislature in February.

A statewide campaign for support has begun.

The funds would help ease the financial situation of parochial schools.

They would be in addition to auxiliary and bus services which parochial schools already receive from local school districts, which, in turn, receive state funds.

Mark W. Kelly of Jackson, state president of the Michigan Federation of Citizens for Educational Freedom — CEF, confirmed that the bill is being written and will be submitted about Feb. 15.

CEF Represent

CEF, a national organization, is composed primarily of representatives of religious bodies which have parochial schools. The organization's members in Michigan number about 15,000, Kelly said.

Roman Catholics have organized parish committees in the state's five dioceses. Other denominations are assisting in various ways, Kelly said. The same facts and figures are going to all. The group's organization structure is interdenominational.

Kelly said the bill will ask

for payment of \$25 per child to go to parents of parochial school pupils for each reimbursable course per year.

Such courses would be those such as English, mathematics and science in which religion is not taught.

\$50 To \$150

The limit of funds for each child would be \$50 for elementary school children and \$100 for high school students except in inner city schools, where the figures would be \$100 and \$150 respectively.

Parents would receive the same sum per child regardless of the number of children in the parochial school.

Backers believe that this method of financing could avoid charges of violation of the principle of separation of church and state.

Schedule Dates For Blood Bank

The Delta County Red Cross announces that the next scheduled blood procurement clinic will be held Feb. 13, 14 and 15 in Gladstone and Escanaba.

"Experience has shown that we will need about 400 appointments to achieve the quota of 307 units for this visit of the bloodmobile," said Mrs. Edward C. Olsen, the Red Cross blood procurement chairman.

The bloodmobile will be at Gladstone's James T. Jones School from 3 to 7 p.m. on Feb. 13; and in Escanaba at the Teamsters Hall on Feb. 14 from 2:30 to 7:30 p.m.; and on Feb. 15 from 10 a.m. to 3 p.m.

The quota is 77 units at Gladstone, and 115 each day in Escanaba.

Donor appointments should be made by calling the Red Cross office in Escanaba.

Because of Red Cross sponsorship of the blood bank, all residents of Delta County are eligible to receive free blood no matter in what hospital they may be a patient. The only cost to the patient is the hospital's fee for administration.

Electric Course Registration Set At Bay College

Registration for Part II of the National Electrical Code will be held at 7 p.m. Wednesday in room 309 of Bay de Noc Community College.

Peter Breclaw, Escanaba city electrical inspector, will teach the course which is intended to inform persons interested in or working with the installation, maintenance, inspection or sales and distribution of electrical service, wiring or appliances.

Classes will be Wednesday evenings from 7 to 9 p.m. for 16 weeks. Fee for the course is \$20. Successful completion earns the student two college credits.

Justice Accepts Plea Of Guilty On Larceny Count

Edward Kossow Jr., 31, of Rte. 1, Escanaba, pleaded guilty Friday before Justice Edward Goldworthy to a charge of simple larceny.

The charge was reduced from grand larceny after further investigation into the case which involved 28 cords of pulpwood taken from Edward Carlson, Rte. 1, Bark River.

Kossow was ordered to serve 10 days in jail plus make restitution for the pulpwood.

Obituary

MRS. EVELYN HILL
Complete funeral services for Mrs. Evelyn Hill were held at 11 a.m. today at the Anderson Funeral Home with Rev. Walfred E. Nelson officiating. Burial was in Lakeview Cemetery.

MRS. EDNA THERIAULT
Funeral services for Mrs. Edna Theriault were held at 9 a.m. today at St. Anne's Church with Rev. Stephen Maynard officiating. Burial was in Holy Cross Cemetery. Pallbearers were Francis Costley, John Milkovich, Harold Anderson, Carl Fassbender, James Douglas and Clarence Kleiman.

MRS. BLANCHE WHITE
The funeral mass for Mrs. Blanche I. White will be said at 9 a.m. Monday at All Saints Church with Rev. Donovan Mulert officiating.

United States troops in Vietnam have been stricken with new strains of malaria resistant to synthetic quinine. Thus, quinine is as essential nowadays as it was in World War I and the early stages of World War II.

A packet distributed to committees in Roman Catholic parishes suggests that the parishes may require parents to turn the state funds back over to the schools.

In Michigan, Kelly said, there are 323,000 pupils in parochial schools. The number is about 14 per cent of Michigan's public school enrollment.

If the parochial school pupils were put in the public schools, the taxpayers would have to pay \$202 million in operating costs above what already is being paid.

Schools Joining Clothing Drive

The Escanaba Area public schools will join the Bundle Days clothing drive sponsored by the Save the Children's Federation next week, Supt. Luther M. Barrett said Friday.

Barrett said all Escanaba Area schools would be used as pickup points for any "used but wearable" clothing residents wish to contribute.

The superintendent said that the clothing would be examined by Anita Kotila, school nurse, and that some of it would be kept in the Escanaba Area district to meet needs of needy children here.

Other clothing collected will be shipped to the Save the Children Federation, Norwalk, Conn., for distribution in 103 federation clothing centers in Appalachia. Freight charges for the shipment are paid by the federation, Barrett pointed out, and there is no cost to the school district.

Bulletins explaining the program were sent home with all children of the school district this week.

American school children collected over three million pounds of good used clothing in last year's drive.

Founded in 1932, Save the Children Federation, an international welfare organization of Norwalk, helps children and families in the United States and in many countries abroad. The federation is registered with the U. S. State Dept. Advisory Committee on Voluntary Foreign Aid and is a member of the International Union for child welfare.

Almost any type of clothing is needed for children to wear to school, including shoes, coats, dresses, etc.

Superior Is A College As Well As A Lake

By JEAN WORTH
SAULT STE. MARIE—Michigan has 11 state colleges and universities and three of them have branches. Michigan Tech's branch is being given full state college status and autonomy here as Lake Superior State College.

It is not only the newest state college, it is also the most unique.

It is the greatest "bargain" that the state has had in capital investment in an institution of higher education. It got old Fort Brady, created as an Army post in 1822 and deactivated in 1944, for \$1.

Michigan Tech at Houghton turned it into its Sault Branch and it was granted four year status in 1966 and turned out its first four year class in 1967.

The State and Tech have agreed to a 2 to 6 year change from Tech branch status to full autonomy as a state college and it's now in this process under the leadership of Dr. Kenneth J. Shouldice, the chancellor, and the state is observing a small miracle of creativity at work here, making a new college of great usefulness out of small physical means and large inventiveness.

Spirit Everywhere
There's spirit on all campuses, of course, but here at Lake Superior there is the usual gathering of youth with its banners plus a willingness to participate in the birth of a college. Most students go to a college with traditions and ivy walls, customs and a call for conformity.

Lake Superior College students go to school in an old fort. The only modern instructional building on the campus is there because the building that stood there earlier in the old military complex burned. The state replaced it with a modern science building. It hasn't spent much more yet and Superior gets along with conversions of its own arrangement with its own maintenance staff.

The old fort mule barn now houses two large classrooms and a faculty office (with desks made of tops across filing cabinets.) The post hospital building now houses the Reserve Officer Training Corps headquarters, geology studies, nursing and business education. The fort jail is a study hall.

Library Growth
The barracks are dorms, of course, the officers quarters house offices. The library had only 9,000 books when the new blitz started. Now there are 16,000 — still at poverty level — but there's planning money for an adequate library building. Meanwhile the college isn't waiting until the state gets around to appropriating enough money for this heart of the school. The book stacks have been removed and reading rooms created where they stood. A hole was cut in the floor and all the books removed to the basement, where stacks thrown out at Tech in Houghton when

its library got new ones are being used.

The library has a \$25,000 matching grant from the Kresge Foundation for the purchase of books, but hasn't been able to raise its share to get the prize. But it's working at it — has obtained an extension of time — and is looking for angels.

Many Angels
It has had many angels. Edison Sault Electric Co. has been a fairy godfather with innumerable gifts of office equipment and machines. Sault groups have supplied a ceiling, a room, furniture, materials for modernization, money for conversions, labor for transformations.

The old red brick fort buildings are emerging in new colors of Williamsburg green and charcoal gray, and there are shutters to grace the walls. Seemingly, there's not a basement in a campus building that doesn't house a classroom, a biology lab, (they'd been smoking fish in one the day I was there), a print shop, a store-room, or some other college need.

Next to the faculty the student body is the most important element in a college or university. Lake Superior's numbers more than 1,200 now and is headed toward a goal of about 3,500 in 1980 with the thought that that will be it. The aim is not to be biggest, but to be good.

Students From Afar
The Lakers have basketball and hockey teams now and they'll have football in a new conference of state colleges of Michigan and the Lake States. They're so good in hockey (with an all-Canadian team) that they say they could knock off big Michigan State's pucksters any time. Students have come all the way from British Columbia to play hockey for Lake Superior.

Students have come all the way from Florida to enroll for studies. One Floridian was brought to the Sault to enter after he'd picked Lake Superior as the northernmost college in the United States. He still loves it; wouldn't swap the snow for citrus and is proud of the college that he selected by his genie-meenie map process.

About 400 of the students live on campus, 200 come from Canada although the Canadian Sault now has a branch of Laurentian University of Sudbury, Ontario, and the rest come from the American Sault area, from more distant parts of Michigan and from many other states.

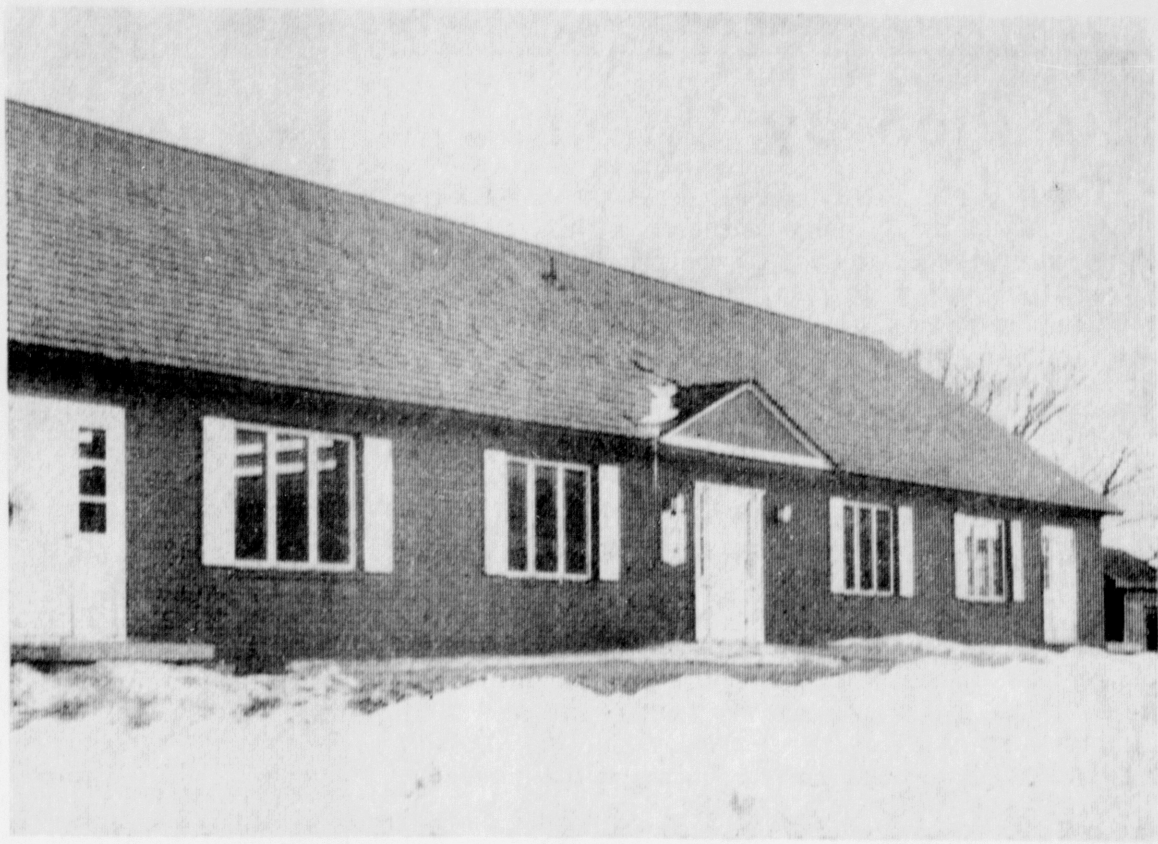

Old And New
So much of the campus is historically old that it impresses the visitor first and most. Even the data processing office is in an old building.

There's no special reverence for the old, only a willingness to accept it as serving the college's needs in this period of its birth. The science building is spanning new and so it is the first unit of a lot of planned married students housing. The food service building—modern as tomorrow — won't be opened for several weeks. There's a central heating plant coming, the library and other facilities.

The City of Sault Ste. Marie has given the college 47 acres of the old Camp Lucas site for expansion. And its present campus has 111 acres. (It gave up a bit to open the approach for the great International Bridge between the Saults.) Lake Superior College, on a height overlooking the St. Mary's River, looks across to Canada, but it says it can see much farther than that, and, walking on its campus, the visitor is apt to agree.

LAKE SUPERIOR STATE COLLEGE got this attractive new science building and lecture theater from the state because its science building burned.

THIS BUILDING served Fort Brady as a mule barn. Its doors bricked up and windows created, it now houses two large classrooms and a faculty office. (Daily Press Photos)

War Policy Blast Opens McCarthy N.H. Campaign

By The Associated Press
Sen. Eugene J. McCarthy, campaigning for the Democratic presidential nomination, says the Vietnam war is being handled the way Democrats once said Barry Goldwater would have handled it.

McCarthy, who is running in six primaries in opposition to President Johnson's war policy, told a Manchester, N.H., audience Friday:

"What we have on our hands is what we said wouldn't happen if Johnson was elected in 1964. What we're doing over there is what we said would probably be done if Barry Goldwater had been elected."

Goldwater, the GOP presidential candidate in '64, carried only five states in losing to Johnson.

McCarthy formally filed for candidacy in New Hampshire's March 12 primary. While in Concord, the state capital, he visited briefly with Gov. John W. King, a leader among state Democrats supporting Johnson for re-election.

McCarthy told a Nashua rally some state Democratic leaders "have said that you're all so well organized and so disciplined now that there would be no point in my coming in, be-

cause the people of New Hampshire vote pretty much the way their party leaders tell them to vote. I doubt whether this is true."

Bailey Takes Sides
Elsewhere on the political scene:

Democratic National Chairman John M. Bailey, who has garnered McCarthy's criticism for taking sides before the convention, again made clear he's for the re-election of Johnson and Vice President Hubert H. Humphrey.

Bailey told a party gathering in Des Moines, Iowa: "Make no mistake about it. I am supporting Lyndon Johnson and Hubert Humphrey."

Anyone who doubts they'll be renominated, Bailey added, "is no realist in politics."

Seven Aid Romney
—Michigan Gov. George Romney, candidate for the GOP nomination, continued his swing through rural New Hampshire, saying "unrealistic promises" by Johnson have bred frustration and disorder among city slumdwellers. As for the Pueblo incident, Romney said of the President: "Let's hope he makes better decisions than he's made in some past instances."

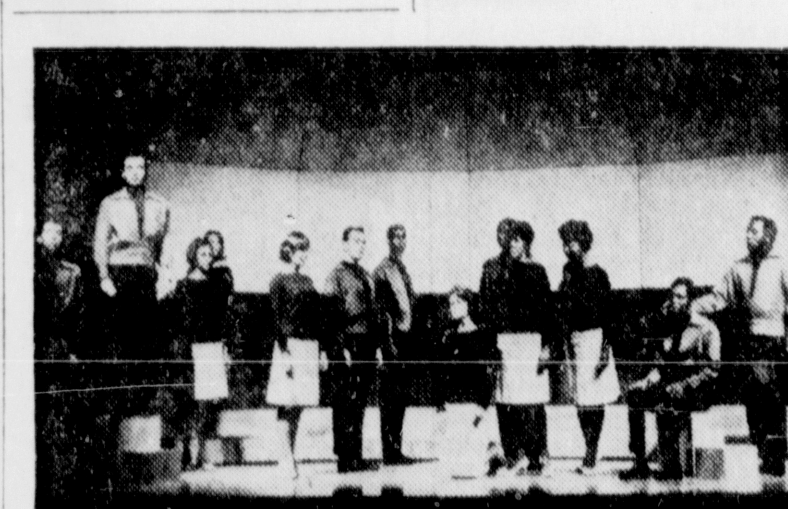

Michigan's six freshmen Republican congressmen, along with Robert P. Griffin, the state's first-term Republican senator, volunteered to help in Romney's New Hampshire campaign.

—Alabama Democratic leaders planned to meet in Birmingham today and were expected to abandon their traditional party loyalty oath. This would leave the way open for Democrats to support either Johnson or former Gov. George C. Wallace, an expected third-party presidential candidate.

Appointment of Howard N. Campbell as director of field promotion for the Michigan Tourist Council is announced by William T. McGraw, director. Campbell will manage the department's field operation in the 13-state area surrounding Michigan. He resides in East Lansing.

Today's snowfall isn't heavy enough to provide a safe base for the bare slopes of the Danforth Ski Hill and the facility will remain closed, Paul Vardigan, acting recreation director, said this morning. If snow accumulates to four or five inches tonight the hill will be open Sunday at 1:30 p.m. Skating rinks are snow covered and in poor condition and if snow continues it will be too heavy for the sweeper to remove and skating rinks will remain closed, Vardigan said.

Traffic court notices have been issued by Escanaba police to Thomas M. Gannon, 426 S. 15th St., leaving the scene of a property damage accident; Robert S. Trombley, 311 N. 11th St., speeding and no operator's license; and John C. Sebeck, 309 N. 10th St., no operator's license.

Death Claims Mrs. W. Sharkey

Mrs. Edna C. Sharkey, 69, of Perkins, died at 6:10 p.m. Friday at St. Francis Hospital following a lengthy illness. She was born Jan. 5, 1899 in Perkins and had resided there all of her life.

She was a member of St. Joseph's Church of Perkins, St. Ann's Society and the Royal Neighbors. She and her husband, William celebrated their golden wedding anniversary on Dec. 28, 1967.

She is survived by her husband, three sons, Gilbert of Grand Rapids, Kenneth and Eldon of Perkins and six grandchildren.

Friends may call at the Skradski Funeral Home after 4 p.m. Monday and funeral services will be conducted at 10 a.m. Tuesday at St. Joseph's Church with Rev. Edward Malloy officiating. Burial will be in Gardens of Rest Cemetery.

Woodrow Wilson's first elective office was that of governor of New Jersey.

Viet Pacification Chief Quits Post

SAIGON (AP) — The head of South Vietnam's pacification program has submitted his resignation from the Army, a spokesman for the Vietnamese joint general staff said here.

Informed sources said the officer, Maj. Gen. Nguyen Duc Thang, is considered by Americans who work with him to be one of the military regime's most aggressive, thoroughgoing officials. He long has been disillusioned over Saigon's inability to meet its commitment in the countryside, one source said.

A western source said Thang will get a new post dealing with pacification. But there appeared to be no reason for Thang to attempt to resign his job and to quit the Army if there were a simple shifting of titles.

Thang was not available today for comment.

If Thang is headed out, it could have serious repercussions on the slowly evolving pacification program which Thang's personality, drive and ability got off the ground after

Drunk Driver Is Ordered To Pay \$105 Fine, Costs

Charles D. Cretens, 23, of 113 S. 9th St., Gladstone, today pleaded guilty in Municipal Court at Escanaba to a charge of driving while under the influence of intoxicants and was ordered to pay a fine and costs of \$105. His operator's license was revoked.

Escanaba police arrested Cretens at 10:59 p.m. Friday in the 1600 block, N. 21st St., after a chase at speeds up to 70 miles an hour. Officers said Cretens ran a yield sign at the highway intersection at high speed.

Wilson

The Wilson Home Study Club met at the home of Mrs. Roy Bagley in Wilson Wednesday night. The lesson, "Managing Yourself", was discussed and pamphlets were distributed. Hostesses were Mrs. Bagley and Mrs. Hans Nelson of Spalding. The next regular meeting will be held Wednesday, Feb. 21, at the home of Mrs. Arthur Coriveau in Wilson. The lesson will be "Managing Credit."

Briefly Told

Registration for the spring semester at the University of Wisconsin Marinette County Center, Marinette, will take place Tuesday. Classes begin February 5.

Is this any way to treat your recreation areas?

Keep your home beautiful—keep America beautiful

You and your family spend a lot of time in America's parks, forests and recreation areas. You live there—they're part of your home. Why litter your home? Why litter your America? Litter is ugly and unhealthy and dangerous. Cleaning it up costs millions in taxes you help pay. Every litter bit hurts you.

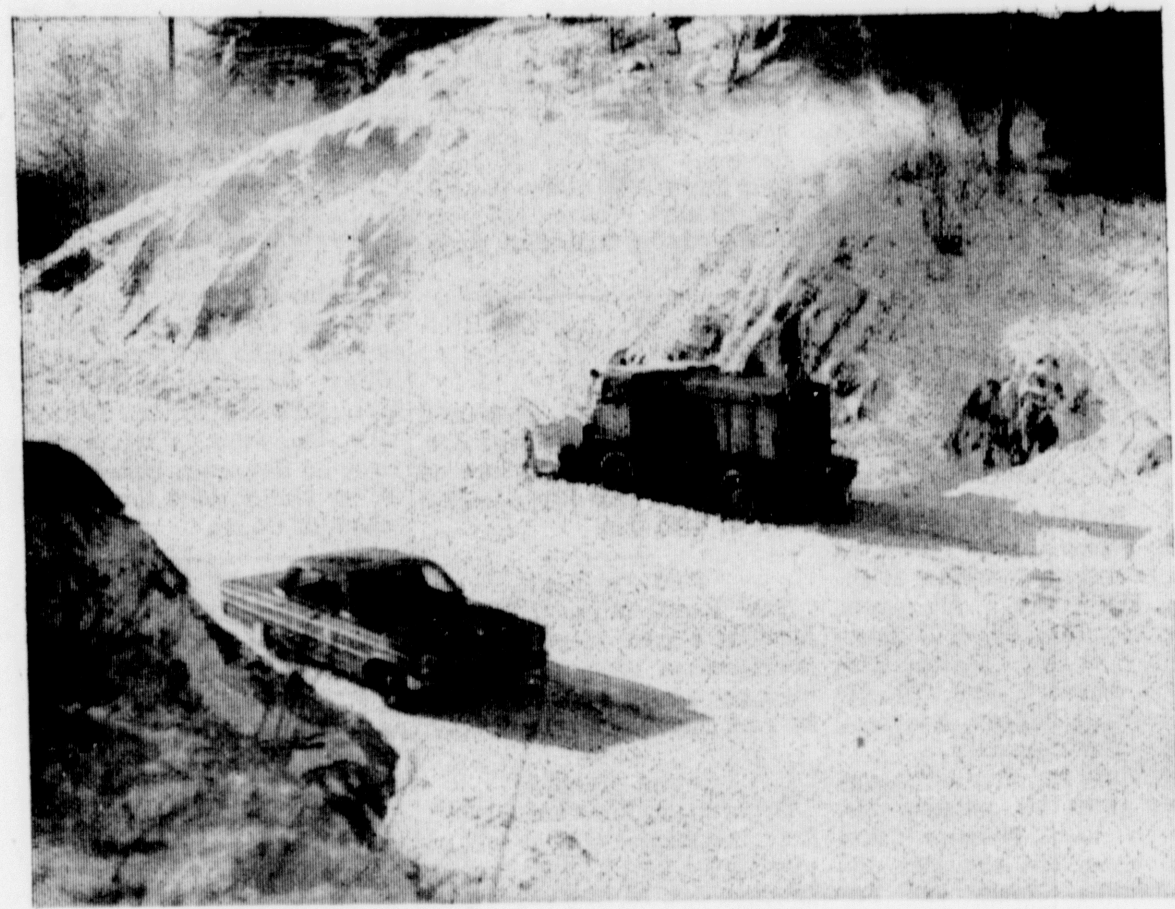

Litter doesn't throw itself away; litter doesn't just happen. People cause it—and only people can prevent it. "People" means you. Keep America Beautiful.

SNOW IS REMOVED with the utmost dispatch in these days — but it was only 50 years ago that the snow removal program was begun by the Michigan Highway Department to provide transportation for critically-needed materials in World War I. Not so long ago autos took a winter-time ride on a horse-drawn sleigh; now almost every mile of road in Michigan is open to auto travel the year around.

Wartime Emergency Triggered Snow Fight

The Michigan Department of State Highways is marking the 50th anniversary of an all but forgotten World War I battle that was fought in Michigan.

Late 1917, war materials destined for the western front began pouring from southern Michigan factories to ports on the eastern seaboard.

Railroads were the mainstay

Delta County

The Delta County Road Commission under contract with the state maintains — and snow plows, of course — 125 miles of state trunkline. Most of this mileage is on highways U.S. 2-41 and M-35. The County has 854 miles of county primary and local roads which it must maintain. At least 95 per cent of this 854 miles is plowed of snow.

of transportation, but when they became swamped, industry turned to hard-tired, slow moving trucks.

An early winter plagued the truck convoys and severe storms in mid-January, 1918, paralyzed the highway movement of war supplies from Michigan.

On Jan. 25, 1918, Highway Commissioner Frank F. Rogers met in emergency session in

Detroit with the State War Board, county road commissioners and industry representatives.

The meeting put the Highway Department in the highway snow removal business, a program that today is considered to be one of the nation's finest.

About \$13,200, half of it furnished by the War Loan Board, was spent that first winter to clear 590 miles of priority roads, all in Lower Michigan.

The effort was successful, and within days the flow of war materials was restored. The war level of transportation activity carried over into Michigan's post-war economy. The public demanded that roads be kept open in winter and by 1923 the Highway Department was maintaining 1,115 miles for "wheel traffic."

From that beginning, the snow removal effort has become big business to satisfy the interests of business, industry and tourism.

In the winter of 1966-67, for example, the Highway Department spent \$10.3 million to maintain 9,200 miles of state highway. This was one-third of the Department's maintenance operating budget and an average of \$1,125 a mile compared to \$22 a mile in 1918.

Harold Lemon, the Depart-

ment's District Maintenance Superintendent in Jackson, a 30-year veteran snow-fighter, recalls early days of snow removal.

Lemon said he once operated a plow for 28 consecutive hours, but admits he has never seen a storm to compare with the one that paralyzed central Michigan in late January, 1967. "That one wiped out old records and blew all the old snow tales into a cocked hat," he said.

Computer Boosts Bank Efficiency

Better customer service and increased internal office efficiency are resulting from an "on-line" computer system for service to savings account holders at Northern Michigan National Bank.

"The 'on-line' savings system has speeded-up window service, improved savings convenience, and helped to increase accounting accuracy," said Matt N. Smith, Executive Vice President. "The system has also eliminated balancing and book-keeping drudgery, freeing our tellers for more personal service to customers."

The new system uses telephone lines to link teller windows at the bank to an NCR Data Processing Center 315 computer in Chicago.

In addition to providing instantaneous handling of savings transactions at teller windows, the system provides the bank with more information on savings accounts in terms of daily, monthly and yearly status reports and continuous random sampling audit verification programs. This enables the bank to control savings accounts better.

Presently serving Northern Michigan's main offices, the system will be extended as soon as possible to the bank's Bark River and Rapid River branches.

Installation of the "on-line" savings system is the latest in a long line of "firsts" by Northern Michigan National. In 1957, the bank made the initial installation in northern Michigan of a drive-in facility. The bank also led in opening a branch office in 1960 and computerizing checking and installment loan accounts in 1966.

"We're 100 per cent for better customer service and greater efficiency and economy," Smith said. "We plan eventually to have everything on a computer, including our general ledger."

House Fire Kills 2½-Year-Old Tot

FLINT (AP)—A house fire in Flint killed 2½-year-old Kathy Moss, who was in a crib in a second-floor bedroom.

A neighbor rescued her brother, 4-year-old Martin, and alerted an aunt, 21-year-old Mary Moss, to the fire. The neighbor was unable to reach the second floor because of the flames and smoke. There was no indication of what caused the blaze.

Panel To Study Hospital Fight

LANSING (AP)—A three-man special commission to study and make recommendations for resolving a labor dispute at St. Joseph Hospital in Hancock was named Friday by Lt. Gov. William Milliken.

Named to the commission were William E. Bartow Jr., Michigan Technological University professor, chairman; John D. Payant, Iron Mountain attorney; and Kenneth M. Bray, a representative of the Catholic Social Services in Hancock.

Milliken named the commission under provisions of the Michigan Labor Mediation Act, which allows the governor to appoint a fact finding panel in a dispute involving hospital employees.

Nonprofessional employees had threatened to strike the hospital after contract negotiations reached an impasse.

A hospital spokesman said, however, that employees showed up for work as usual Friday.

Milliken Thursday had requested Atty. Gen. Frank Kelley to seek an injunction, if necessary, to enjoin hospital employees from striking.

Senior Citizens Must Apply For Tax Exemption

Persons seeking a property tax reduction under Michigan's Senior Citizen Homestead Tax Exemption Law should apply at their local assessor's office.

Last year this law meant an average saving per senior citizen of \$95.88. The state spent \$16 million reimbursing local units of government for the tax loss.

All eligible Michigan homeowners who are 65 years of age and over will need to file an affidavit for a tax reduction for their 1968 taxes. Those who applied last year must file again.

Applicants may file between Jan. 3 and sometime in March, a date set by each local assessor's office. There are no lien provisions attached to the Homestead Exemption Act, and there will be no attempt by state or local governments to collect from the heirs or otherwise attach the property.

Michigan residents of more than five years, aged 65 or over, are eligible for the exemption if their homestead and real property tax value does not exceed \$20,000, and their gross income does not top \$5,000.

Each applicant must supply a deed, land contract, or mortgage; a birth certificate or other legal proof of age; a recent tax bill or bills for all real property owned; and his social security number.

He should be prepared to give the true cash value of property owned out of the state of Michigan, and a statement of income.

Ward Assistant Chief Of National Guard Bureau

Brigadier General Leonard C. Ward, assistant division commander, 46th Infantry Division, Michigan Army National Guard, has been named acting assistant chief of the National Guard Bureau for the Army.

General Ward succeeds BG Charles L. Southward who was promoted to major general and appointed commanding general of the District of Columbia National Guard in December. General Ward assumed his new duties in the Pentagon on Jan. 15.

Upon confirmation by the Senate as a brigadier general in the Reserve of the Army, General Ward will be appointed to the position for a period of four years.

Ward will enter active duty from civilian life where he has been self-employed as an engineer.

A graduate of Michigan Tech, he earned his commission through the college ROTC program and entered the National Guard as a second lieutenant shortly after his graduation in 1939. He was mobilized with the Michigan National Guard in

General Ward

1940 and served with distinction as platoon leader, company commander and staff officer in a number of engineer units during World War II.

Upon release from active duty in February 1946, Ward remained active with the Michigan National Guard and served as an engineer battalion commander and operations and training officer of the 46th In-

fantry Division until January 1962. He was recalled to active duty in January 1962 and served in the Department of the Army for four years on the Army general staff and later on the staff at Headquarters, U.S. Continental Army Command.

Returning to civilian life in 1966 when he rejoined the Michigan National Guard, he was appointed assistant division commander of the 46th Infantry Division in February 1967.

Ward is a graduate of the associate advanced course at the U.S. Army Engineer School at Ft. Belvoir and of the associate course at the Command and General Staff College, Ft. Leavenworth.

He is married to the former Joyce Burklund of Stephenson. They have two sons.

As assistant chief of the National Guard Bureau the 50-year-old general will be responsible to the chief of the National Guard Bureau for all operational and administrative staff functions pertaining to the Army National Guard.

General Ward is a son of the late Rev. and Mrs. James G. Ward. Rev. Ward was rector of St. Stephen's Episcopal Church here.

Fire Destroys C&H Foundry

RIPLEY (AP) — Fire destroyed a Calumet and Hecla Co. foundry in this eastern Upper Peninsula community Friday night. No injuries were reported.

The cause of the blaze was not immediately determined. Damage was extensive but no dollar figure was placed on it at the scene.

Firemen from four communities, including nearby Hancock and Houghton, were hindered by 10 to 18 mile winds which, for a time, threatened a propane gas tank stored nearby and some oil storage lines.

Firemen said power lines fell around the propane tank but it did not explode.

A thoroughbred racehorse may eat six to 10 quarts of oats and 50 pounds of hay a day in training.

Diplomacy Is Still Used In Korean Crisis

(Continued From Page One)

rejected as baseless the North Korean charge that the ship had penetrated its territorial waters.

Johnson's other military preparation moves following the Pueblo's capture have included dispatching the Enterprise and its accompanying task force to the Korean coast. The Enterprise has about 90 fighters and bombers.

Other ships in the task force are the nuclear frigate Truxtun and three destroyers.

In International Waters
Additionally, two squadrons of jet fighters are reported to have been moved into South Korea from bases in Japan and Okinawa.

In his Friday broadcast, Johnson denounced the seizure of the Pueblo as "yet another wanton and aggressive act" and said it had taken place beyond North Korean territory in international waters.

"Clearly, this cannot be accepted," Johnson said.

"We are doing two things. First, we are today taking the question to the Security Council of the U.N. The best result would be for the whole world community to persuade North Korea to return our ship and our men and to stop the dangerous course of aggression against South Korea."

"We have been making other diplomatic efforts as well. We shall continue to use every means available to find a prompt and peaceful solution to the problem."

As his second line of action Johnson reported the precautionary military measures and said they do not in any way reduce U.S. forces in Vietnam.

"I hope," the President said, "that the North Koreans will recognize the gravity of the situation which they have created."

"I am confident that the American people will exhibit, as they have in other crises, the determination and unity which are necessary to see it through."

Calvary Church Women Install New Officers

Calvary Lutheran Church Women of Rapid River, met for their first general meeting of 1968 on Thursday, Jan. 25 in the parish hall. A program, including a candlelight service, around the theme, Faith, Hope, Love and Peace, was presented by a group of women.

Following the program Pastor George Olson installed the new officers: President, Mrs. Lloyd Stenlund; Vice-President, Mrs. Frank James Lundberg; Secretary, Mrs. Harold Bjurman; Treasurer, Mrs. Waldon Johnson Jr.; Faith and Life chairman, Mrs. Russell Case; Outreach chairman, Mrs. Robert Dutton; Christian Service and Action, Mrs. John Greenlund and Mrs. Olaf Larson.

At the business meeting the women discussed the concerns and objectives of their organization and ways and means to meet their goals. The organization is concerned about the spiritual life of its members, how it can reach out to more women and have more meaningful service projects.

To meet these goals the women will continue their co-ordinated Bible studies at the unit meetings; schedule more unit meetings and carry out a service projects. Added efforts will also be made to solicit the support of all women in the church for the LCW program.

Members of the LCW began a sewing project early in January which includes making quilts for Lutheran World Relief. They meet at the parish hall each Tuesday at 1 p.m.

THE EYES HAVE IT and, with festive parties on tap this time of year, be sure to make your windows of the soul sparkle. Add a bit of color on the lid for brightness, a beige shade to add depth and white shadow beneath the brow to give high-light. NEDT Tests At Rock Thursday

More than 110 7th, 8th, 9th and 10th grade Rock High School students will take the three hour National Educational Development tests (NEDT) on Thursday, Feb. 29, according to Beatrice Narotzky, guidance counselor at the Rock High School.

The tests in English, social studies, mathematics, natural sciences and word usage are designed to measure each student's ability to apply basic learning skills rather than his ability to memorize facts. These tests help students, parents and teachers identify individual strengths and weaknesses in each student's educational development.

Hints from Heloise

By HELOISE CRUSE

Dear Heloise:
As a retired plumber who has made most of his living by replacing washers in dripping faucets, I would like to tip off some of your housewives so they can tell their husbands this little secret.

Men usually turn off a water faucet too hard. This only wears out the washer because the metal part squeezes and cuts into it.

Hydrants should be kept from dripping by turning them off gently.

If it drips, a new washer is definitely needed. But there's absolutely no reason to ruin a washer by squeezing it so hard everytime that it gets cut.

A service call is very expensive. The plumber's time costs the same whether it's to replace a washer or weld a pipe. Also, there is a minimum service charge.

Retired Plumber
Whenever any serviceman comes to my house, I stand there and watch and see what they do so I might be able to fix it myself next time.

What price preventive maintenance? I've saved lots of \$\$\$ this way.

pizza with a knife or scissors? I have and usually burn myself or make a mess.

I've found that my dressmaker's tracing wheel does a perfect job. It's stainless steel, won't rust and works perfectly on pizza.

Cuts a nice, smooth line too.

Mrs. Harold Killian

Dear Heloise:
On rainy days when small children have to stay indoors a temporary play house can be made by putting up a card table and draping a sheet over it.

I pin one corner of it up with a safety pin to form a door. The children spend hours playing house and never seem to tire of it.

Melinda B.

Letter Of Laughter

Dear Heloise:
The other day I resolved to wash my hair and set it. Wash I did, but when I went to set it, I discovered that my teenagers had absconded with my rat-tailed comb and every other comb in the house.

I stormed and fumed and hunted to no avail the dears were safely in school and beyond my reach.

I ended up using the dog comb (washed) and an old orange stick.

Ginni Chaffin

should we say children?

Heloise

Dear Heloise:
I hope none of your readers need this hint, but here's how I solved the problem when confronted with it.

A mouse ate a hole in the screen lint filter of my clothes dryer.

I took two small squares of nylon net and sewed them by hand, one on the front and one on the back of the filter.

Saved having to buy a new filter.

Kay Hoffman

Dear Heloise:

If your couch slipcovers pull down every time someone sits on them, just place a row of thumb tacks along the bottom of the cover on the back of the couch.

It will really stay put and solve that constant adjusting.

T. E. Klauber

Dear Heloise:

Those heavy aluminum foil bags that come as inner liners in many cereal boxes can be easily removed when the cereal has been eaten.

They make dandy storage bags for refrigerator freezer items such as ice cream or meat.

Nancy W.

Dear Heloise:

Try using a piece of pumice stone for removing those annoying marks left by dripping faucets.

It does a wonderful job without scratching the porcelain. So easy too.

This Is Easy Creamy Fudge

By The Associated Press

Of all the candy recipes invented in recent years, fudge that's quick and easy to make has caused most interest.

Using a base of semi-sweet chocolate, marshmallows, sugar and evaporated milk, the fudge appeals because no candy thermometer or other testing is necessary during its making.

Here's the latest recipe of this sort. If refrigerated, and served chilled, it is a delightfully firm and creamy candy with rich chocolate flavor.

One caution: the recipe calls for bringing the candy mixture to a rolling boil and continuing that vigorous boil for 5 minutes. Be sure you do just that; otherwise the fudge will be too soft and may have to end up as an ice-cream topping!

Quick Pecan Fudge

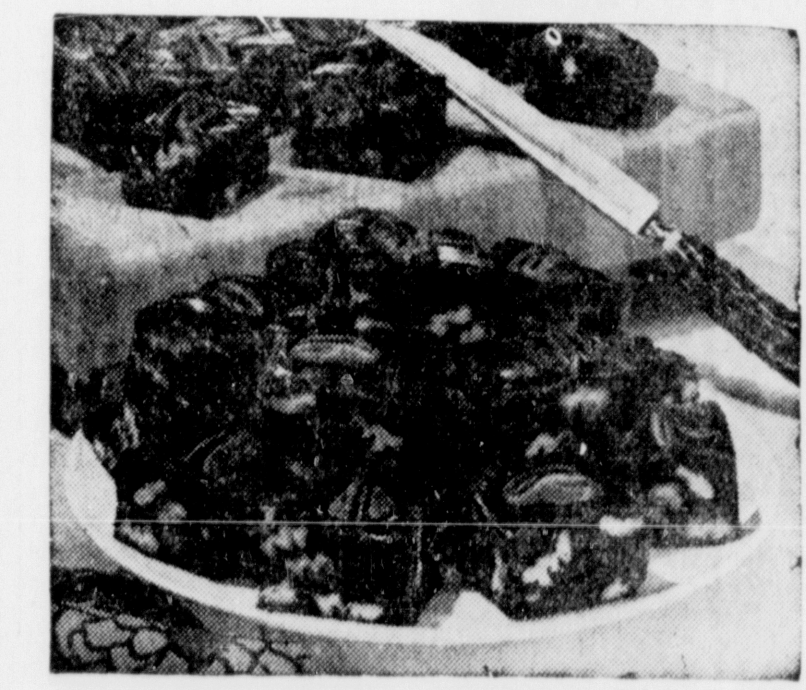

2 cups sugar
3 tablespoons butter
1/2 teaspoon salt
1 cup undiluted evaporated milk

1/2 cup miniature marshmallows
1 1/2 cups (9 ounces) semi-sweet chocolate pieces
1 teaspoon vanilla
3/4 cup coarsely broken pecans

Pecan halves, if desired
Into a 2-quart saucepan turn the sugar, butter, salt and evaporated milk. Over medium heat, stirring constantly, bring to a rolling boil. Continue the rolling boil and the stirring for 5 minutes. Remove from heat. Add marshmallows, chocolate, vanilla and pecans. Stir vigorously until marshmallows and chocolate are melted and entirely blended.

Turn into a buttered pan (8 by 8 by 2 inches). Mark soft fudge into squares; press a pecan half, if used, on top of each piece. When cold, cut into squares; wrap each square separately in transparent plastic wrap; store in tightly closed plastic bag in refrigerator.

If the fudge, when allowed

EASY CREAMY FUDGE — No thermometer is necessary for testing when you make this rich chocolate candy.

With RAY CRANDALL

Coach Stu Smith's Crystal Falls Trojans dominate the Land O'Lakes Conference statistics released this week by Warren Suchovsky of Stephenson. . . Gary Sackech, 6 foot 6 inch senior, is the leading scorer with 110 points and the top rebounder with 98 in four games. . . Teammate Kurt Stoor, 6 foot 5 senior, is second in scoring with 80 points and second in rebounding with 66. . . Jim Gill, 6 foot 3 inch Trojan junior, is the most accurate field goal shooter in the conference, making 20 of 29 attempts for 69 per cent. . . Stoor is hitting 61 per cent and Sackech 56 per cent from the field.

Stan Albeck, head basketball coach at Northern, has accepted an invitation to assist in the training of the Greek National basketball team during the month of April. . . He has been granted a month's leave of absence by Northern's Board of Control.

Brian Ouimette, Iron Mountain's 6 foot 3 inch senior, is the leading scorer in the Menominee Range Conference with 166 points in six games for a 27.7 average. . . Wayne Lewis of Iron River has scored 163 in eight games and Gary Sackech of Crystal Falls, the Land O'Lakes point leader, has 149 in seven games.

Dale Downing, an airman stationed at Kincheloe Air Force Base near Soo, will compete in a world wide boxing tournament Jan. 29-31 at England AFB, La. . . A four-time Golden Gloves champion from Montana, Downing has an amateur ring record of 66 victories and 17 defeats. . . He's a welterweight.

Dick Berlinski, former Kingsford grid great who is recovering from knee surgery at Michigan State, was one of 49 Spartan varsity athletes to attain a B or better academic average during the fall term. . . Berlinski is a junior with one more year of eligibility remaining.

Dom Jacobetti, former Negaunee St. Paul prep ace who has dropped out of basketball at Northern, scored 25 points in a losing cause for Joe's Bar in the Negaunee City League this week. . . Raish Ol registered its 22nd straight league victory by trimming Joe's, 80-58.

In other independent basketball action this week Mike Strohl's Stephenson Strollers ran off their eighth consecutive triumph of the season by downing Jozwiak's of Menominee, 86-77. . . Jerry Hytinen paced the winners with 22 points while Pete Putala, former L'Anse star, took individual scoring honors for Jozwiak's with 32.

The first national honor count of the bowling season in the Twin City Association was rolled this week at the Silver Dome lanes by Bob Pearce of Peshtigo who crashed a 147 series. . . He opened with a 299 count, leaving the 10 pin standing on his 12th ball, and followed with games of 235 and 213.

Braves Give Maroons Rugged Battle Before Losing By 22 Points

MENOMINEE — The Gladstone Braves took on the No. 1 Class B basketball team in the state here last night and played Menominee on almost even terms through three periods before skidding to a 94-72 setback.

The defending state champions had their hands full until two minutes to go in the third period when the Braves lost Mark Stupak on his fifth personal foul. They trailed by only six points at the time.

With 6 foot 3 inch senior Pat Miller in charge, the Maroons pulled swiftly out of reach and reserves from both teams flooded the floor in the late stages of the game.

Stupak, in early foul trouble, turned in an outstanding performance for Coach Bill Wood. He led the Braves in scoring with 19 points before fouling out.

Gladstone had a balanced attack with Dennis Anderson getting 16 points, Steve Nelson 15 and Pete Jarvis 10.

Miller was the big gun for the Maroons, jamming in nine field goals and nine free throws for 27 points and snatching 15 rebounds. All five Menominee starters reached double scoring figures with Dan Heckel getting 20 points, Dewey Belisle 18, Bill Johnson 14 and Dave Haglund 12.

Menominee connected on 35 of 81 shots for 43 per cent and poured in a steady stream of free throws (24 of 34) off 22 Gladstone personals. The Braves hit 29 of 71 shots for 40 per cent and were deadly from the foul line with 14 of 17.

Menominee pulled to a quick 12-3 lead before the Braves broke their press to score a couple of layups. It was Menominee 27-22, at the quarter and 40-35 at the intermission.

Cager In Fair Condition Today

TOLEDO, Ohio (AP) — The condition of Ted Hillary, a St. Joseph's of Indiana basketball player who collapsed Thursday night after his team lost to the University of Toledo 102-73, was reported in fair condition in Toledo Hospital Friday morning.

Hillary, a sophomore starter from Grand Rapids, Mich., probably suffered a concussion, a doctor said, and would be kept in the hospital here.

He had played most of the game, scoring 14 points, then collapsed in the dressing room minutes after leaving the floor. He was unconscious when taken to the hospital.

LaBay Pulls Eskymo Game Out Of Fire In Overtime Period

KINGSFORD — Butch LaBay, 5 foot 11 inch senior, made the most important six points of his Escanaba basketball career here Friday night as the Eskymos nipped Kingsford, 56-52, in overtime.

LaBay drove for a layup, gunned in a 20 foot jump shot and hit both ends of a 1-and-1 free throw situation for all six Esky points in the three minute overtime stanza.

The teams battled to a 50-

50 deadlock in regulation time as Kingsford's Tim Kearney connected on a long jumper with 10 seconds remaining in the game.

Kingsford scored first in the overtime for a short-lived 52-50 advantage before LaBay moved into action.

Coach Bill Howes had his Eskymo cagers calmed down when they needed it. They slipped to a five point deficit in the third period but refused to panic and came back to enter the final frame with a 37-36 lead.

Three Eskymos hit in double figures, led by Dan Mylander with 14 points. John Moberg tallied 13 and LaBay 11. Esky had a big 43-19 advantage on the boards with Moberg and Jack Johnson turning in outstanding performances. Moberg hauled down 17 missed shots and Johnson grabbed 10.

The Eskymos made 21 of 60 field goals for 35 per cent and tossed in 14 of 22 free throws. The Flivvers hit on 19 of 60 from out-court and 14 of 18 from the stripe.

Rockets Stride Toward CL Title

EBEN — Coach Bob Debelak's Rapid River Rockets took another stride toward the Central League throne room here Friday night when they defeated Eben, 52-41.

The victory gives the Rockets a 5-1 record atop the Central standings and a 6-2 overall mark.

Rapid River turned Eben's press into a weapon of its own, breaking it for several key solo buckets. The game was nip-and-tuck through three periods with first Eben leading and then Rapid moving slightly ahead.

In the final frame, however, the Rockets zoomed to a 10 point margin as Allan Pasi and Tom Safford began finding the range. Pasi scored 21 points to lead both teams for the night while Terry Hakola was high for Coach Jim Jacobson's Eagles with 10.

OWOSSO (AP) — Michigan Christian edged Owosso, 70-67, in college basketball Friday night. Jim Harris topped the victors with 20 points and Dave Stanifer had 14 for Owosso, which ended the season with a 4-4 record.

Penn State football coach Joe Paterno played quarterback for Brown.

Redskin Cagers Top 100 Points Against Felch

HERMANSVILLE — Hermansville soared over the century mark for the second straight game as they pelted Felch, 108-76, in Big Six Conference action here Friday night.

Coach Don Hill's cagers unleashed a stream of field goals and free throws that propelled them to their 10th victory in 11 starts. They canned 37 of 93 from the field for 40 per cent and clicked on 34 of 44 from the free throw line.

In addition to a deadly display of shooting, the Redskins put on an awesome rebounding exhibition in which they hauled down 78 caroms. Larry Raiche got 23 for the top performance. Randy Fochesato, slowed by an ankle injury, scored 16 points in three quarters of action while John Whittens picked up the slack with 34. Also

reaching double figures were Mike Raiche with 12, Larry Raiche 18 and Tom Menard 11. Don Mattson hit 29 for Felch.

Felch won the preliminary game, 63-42.

Gladstone Wins Hockey Contest

GLADSTONE — The Gladstone hockey team defeated Flat Rock, 16-3, in a game at the Gladstone rink Friday night. Chuck Germain scored five goals for the winners.

Kearney took individual scoring honors in the Great Northern Conference contest with 24 points for Coach Roger LeDuc's Flivvers.

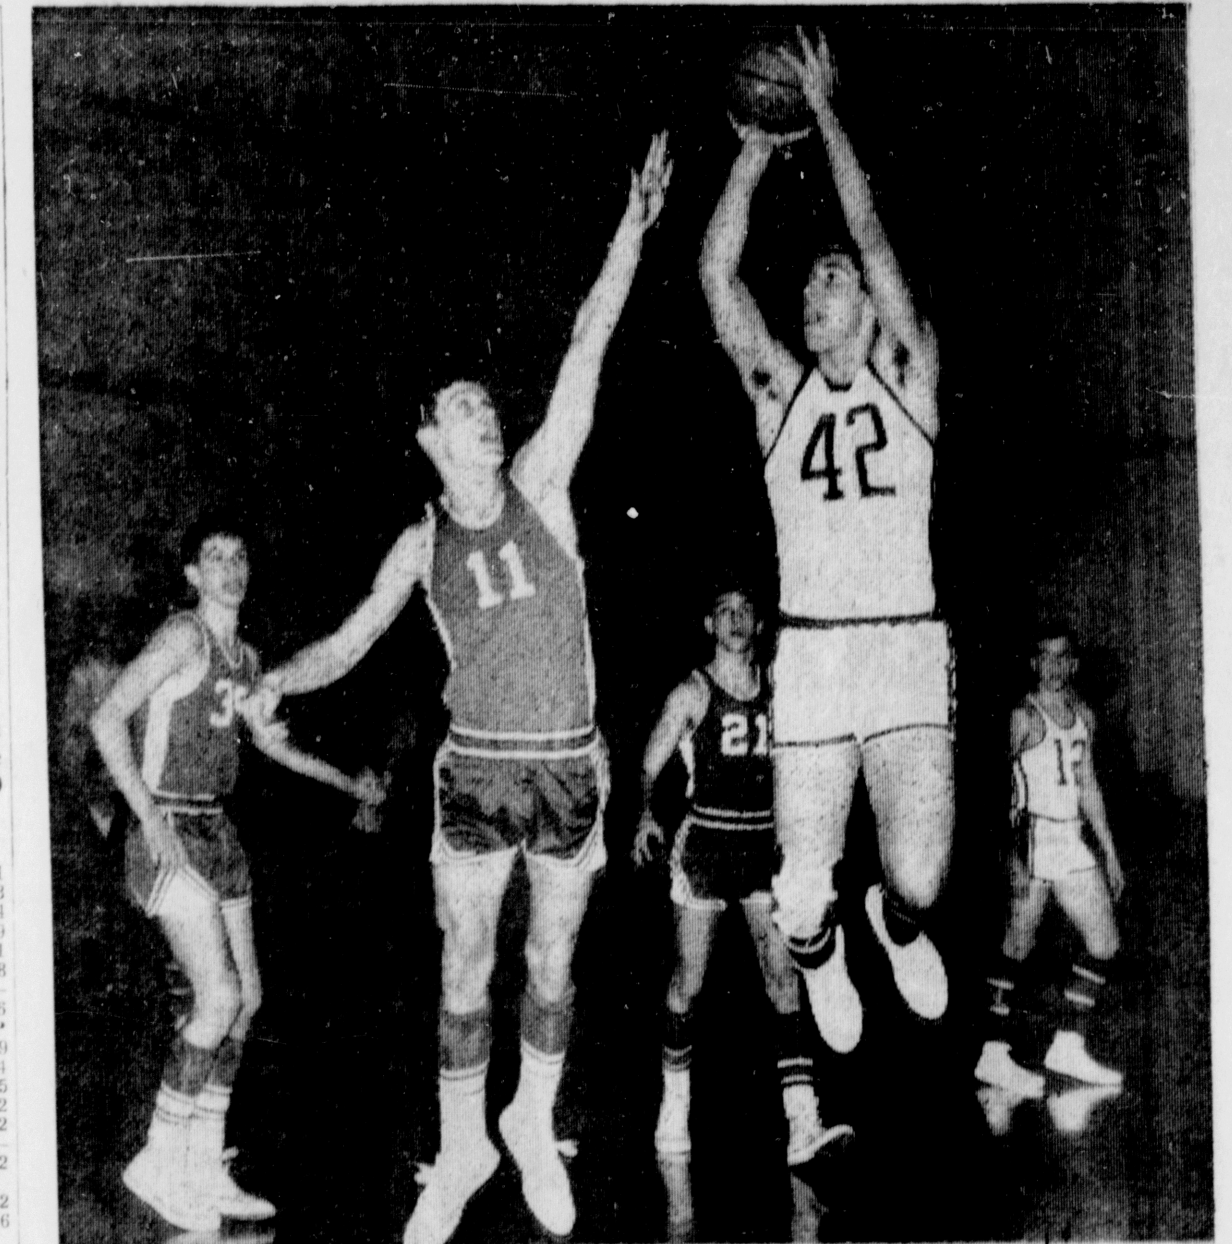

The victory snapped a five game losing streak for Escanaba and boosted the season record to 5-7.

Escanaba's jayvee team won by a 69-33 margin and the Esky freshmen posted a 62-39 verdict.

Holy Name Tops Royals

By RAY CRANDALL (Press Sports Editor)

Plagued by near misses most of the season, the Holy Name Crusaders hit the bulls-eye here Friday night with a 61-47 victory over Marquette Bishop Baraga.

The victory did a lot of things for Coach John Butrymowicz's cagers:

First, it snapped a two game losing habit.

Second, it gave them their second decision of the campaign.

Third, it provided revenge for an earlier 77-61 licking at the hands of the Royals at Marquette.

A combination of accurate shooting from the field and a tough defensive stand paid off for Holy Name. The Crusaders were especially hot in the first half when they canned 55 per cent of their shots from the court. They finished the night with 44 per cent on 24 of 54 attempts.

On defense the Crusaders limited the Royals to 65 shots and the visitors were able to connect on only 20 for a cool 31 per cent.

After missing all six opportunities they had from the free throw line in the first half, the Crusaders sharpened up to make 13 of 22 in the second half.

Holy Name's attack was engineered by guard Al Grabowski who drilled in seven fielders and five gift tosses for 19 points. Steve Johnson led the victors with 18 points. It was Central's sixth straight triumph.

ers off to a good start with a pair of picture buckets on a reverse lap and a fake-and-drive. Dufour and Grabowski took over the scoring burden in the second period. Steve Houle, Dan Young, Chris Young, Fran Veldman and Pat Verhamme also got into the scoring act before the night was over.

The setback was Baraga's seventh in 11 starts. Holy Name now owns a 2-9 mark heading into a game at Gladstone Feb. 2.

Holy Name also won the jayvee game, 65-36.

Central Quint Downs Illinois

MOUNT PLEASANT (AP) — Central Michigan put in half of its field goal attempts and routed Eastern Illinois 82 - 62 in an Interstate Intercollegiate Athletic Conference basketball game Friday night.

Steve Johnson led the victors with 18 points. It was Central's sixth straight triumph.

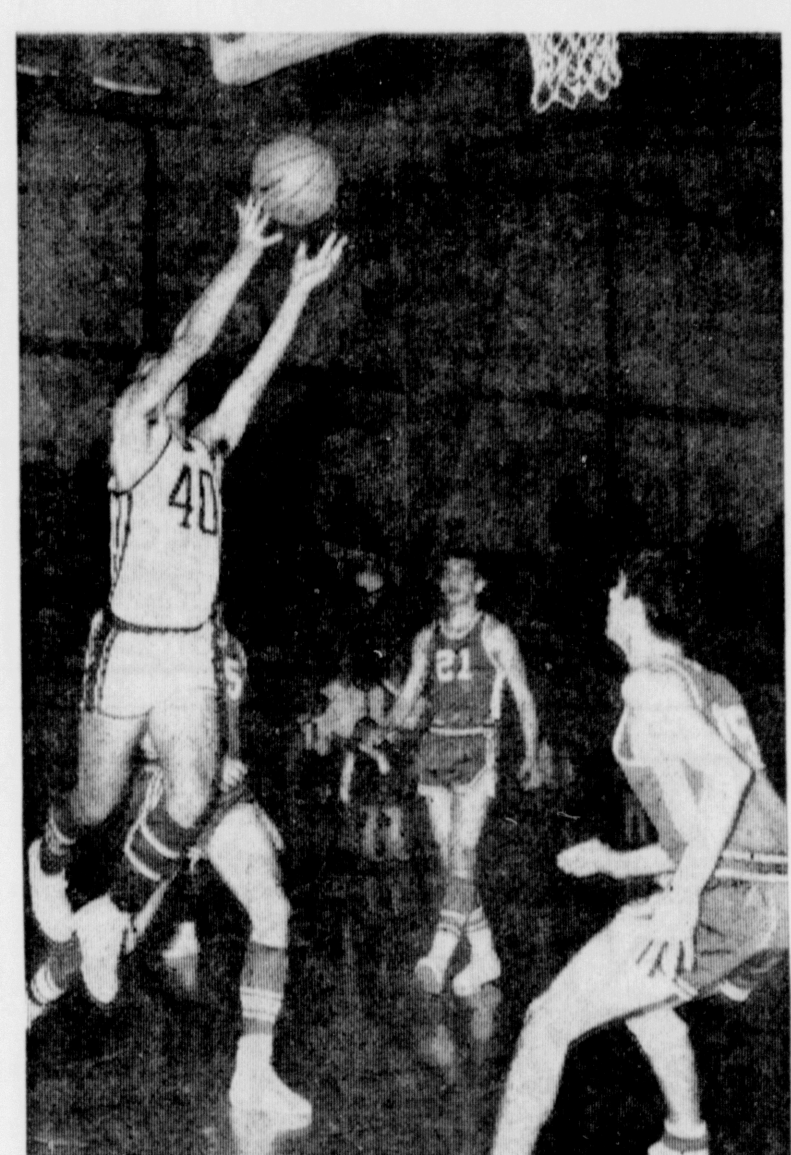

SPORTS MEMORIES!

Highlights from the world of Sports of a decade ago . . . Do you remember?

Fourth Week
January, 1968

- The Escanaba Eskymos were as frigid as their nickname as they dropped a 68-54 decision to the Marquette Redmen as Mike Mileski hit 19 points.
- Sid Milkiewicz' 19 points and Frank Katrinski's 17 paced the Holy Name Crusaders to a 60-44 win over Coach Ted Fritch's Green Bay Premontré Cadets.
- Dick LaFave, Dave Juhl, Al Burke and LeRoy Sovy gained opening wins in the Upper Peninsula Golden Gloves tourney in Escanaba.
- Clarence Konas paced the Industrial Bowling league as he hit a 582 series with a 232 singleton.
- Tony Kutches and Eddie Provo scored three goals each as the Escanaba Hawks decided the Gladstone Indians 14-2 in an exhibition hockey game.

Emeralds Nipped By Late Tip-In On Missed Shot

SAULT STE. MARIE — A missed jump shot turned into the winning field goal in the fading seconds of action here Friday night as the Soo Blue Devils plucked a 62-60 Great Lakes Conference triumph from Manistique.

The teams fought to a 60-60 draw heading into the final seconds. The Blue Devils had possession of the ball after the Emeralds had missed a field goal with a half minute to go. They held on for a last shot — and missed it. The rebound, however, came down to 6 foot 4 inch Gene Curtis who laid it back up to beat the final buzzer.

Curtis was the thorn in Manistique's side through the fourth quarter in which he pumped in 11 of his 19 points. Denny Dahlan had carried the Blue Devils in the third period in which he scored 10 of his 20 points.

Coach Rudie Brandstrom's Emeralds led through most of the game in spite of a cold shooting night. They made only 22 of 76 shots for 29 per cent, but tossed in 16 of 30 opportunities from the free throw line. Soo outscored the Emeralds by five buckets, 27 to 22, but added only 8 of 16 from the line.

Three Emeralds reached double scoring digits, headed by Gary Sample with 23 points. Larry Roberts tallied 13 and Paul Demers 10.

Demers had put Manistique ahead, 60-58, with a field goal with 53 seconds to go but Dahlan knotted it at 60-60 with a jumper at the 35 second mark to set the stage for the winning tip-in by Curtis.

Five Share Top Spot In Tourney

PASADENA, Calif. (AP) — The log jam of top talent prevailed again today as a trimmed down field of 72 golfers prepared for the third round of the \$100,000 Los Angeles Open.

Five professionals resumed the assault on par 35-72 at the 7,021-yard Brookside Municipal course, Billy Casper, Al Geiberger, Dave Marr, Dave Stockton and George Archer were tied for the lead at 137.

Main concern was the weather. Rain was forecast and seemed evident after a second round played on a chilly, overcast day.

Pasadena, the host city for the event, called it Los Angeles weather. Los Angeles said it was belated Bing Crosby elements.

Ordinarily, the Crosby, famed for vile conditions, would have been played this week at Pebble Beach in northern California. But a couple of shifts—in the PGA tournament schedule itself and the switch of the Los Angeles Open to Pasadena from neighboring Los Angeles—made

things the way they are today. Opinions varied about playing in poor weather.

Arnold Palmer, who at 140 with a 71 Friday was three shots off the front end, said he prefers it warm.

Casper, who moved into the jam with a 67 Friday, said he enjoys it cold.

Marr, 69, a former PGA champion, strung along with Casper, while Stockton, at 26, is a young man so enthusiastic about golf he couldn't care less what conditions are.

Geiberger was non-committal while Archer sided with the good weather guys. One stroke back of the leaders after 36 holes were Dave Eichelberger with a 71 for 139; Lee Trevino, 68, and Tommy Aaron, 68.

The 139 group listed Gene Littler, Ray Floyd, Steve Eichstaedt and Jack Montgomery, while Palmer's 140 associates were Charlie Sifford, Gardner Dickinson, Jimmy Clark, Ted Makalena and Dave Hill.

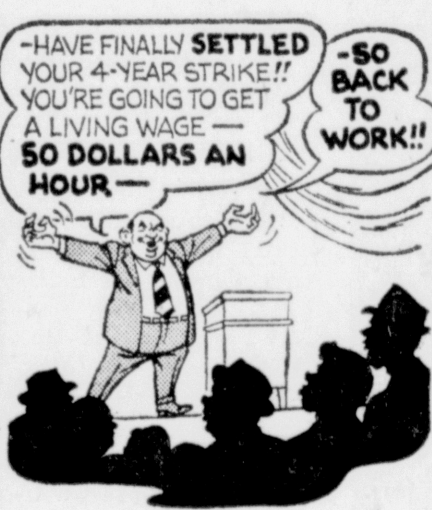

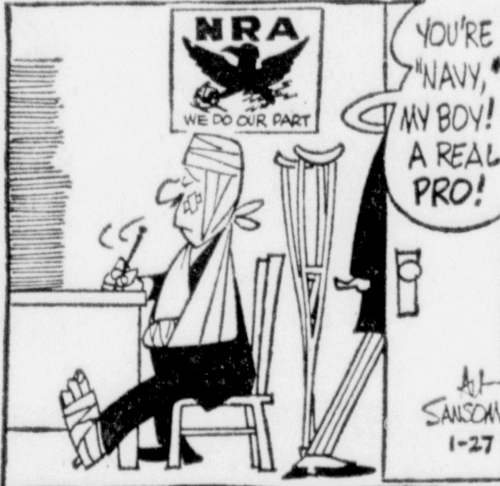

Scores of 146 qualified for the final two rounds.

Son Of Michigan Mentor Paces Quint To Victory

By The Associated Press

The University of Michigan basketball team hasn't had much of a season under Coach Dave Strack this year.

But Strack's son, Dave Jr., didn't have much to talk about at dinner either — until Friday night.

Young Strack scored a record 32 points as Ann Arbor Huron beat Adrian 71-58. It was the first major sports victory for Huron, a new school which lost all eight football games last fall and, until Friday night, had lost eight straight basketball games.

Elsewhere on the prep basketball scene, Detroit Pershing, the No. 1 Class A team in the weekly Associated Press poll, had a scare before nipping Detroit Southeastern 80-78.

Marvin Lane hit a 35-foot jump shot at the buzzer to seal the victory. All-State guard Ralph Simpson sparked unbeaten Pershing to its eighth straight

victory with 31 points, 11 in the fourth quarter after the Doughboys blew a 10-point lead. Matt Anderson was high for South-eastern with 23 points.

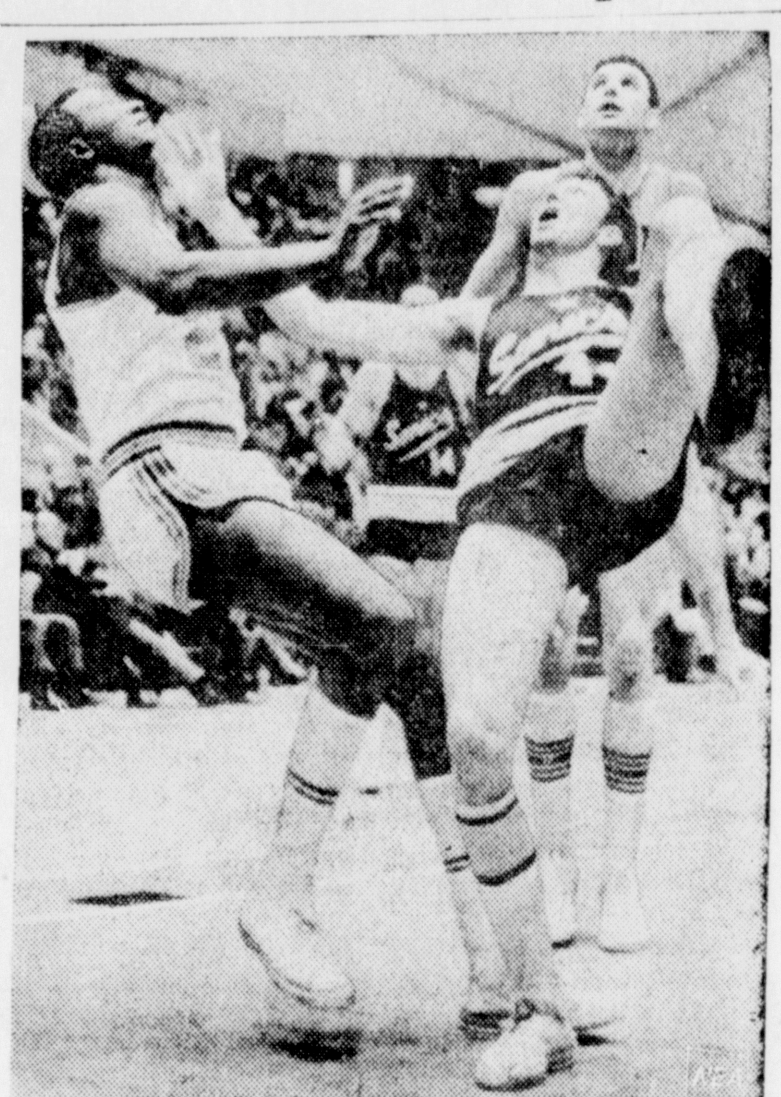

Flint Central had a fight on its hands before nipping arch-rival Flint Northern 60-57. With five seconds to play and the score knotted at 57-all, Dwight Pinnex hit a free throw, missed the second shot and Ken Brady tipped it in for the victory margin.

Holland, now 10-1, bombed Grandville 96-65 behind Dan Shinabarger's 29 points, and Wyoming Godwin Heights upped its record to 10-1 with an 83-65 victory over Wyoming Rogers.

Clyde Cushingberry hit 31 points as Romeo, 9-1, beat Auburn Heights Avondale, 72-54, and Southfield won its 12th game in 13 tries with a 64-55 victory over Hazel Park.

St. Louis, now 7-1, avenged an earlier loss to Chesaning, now 9-1, with a convincing 76-56 victory. Pat Allen topped the Victors with 27 points and Duane Deline added 25.

Mount Pleasant Sacred Heart made it 35 straight victories with an 80-51 triumph over Freeland and Joe Capp hit 27 points in Lawrence's 83-67 victory over Saugatuck.

BASKETBALL BUGALOO? — Seattle's Rod Thorn (center) isn't swinging his partner but falling backwards after taking a shot. Detroit's John Tresvant (left) and Dave DeBusschere get in on the act.

Alabama Cager Is Top Scorer

NEW YORK (AP) — Willie Scott of Alabama State is the new scoring leader in the college division basketball statistics with an average of 33 points per game.

Scott leads a strong southern contingent that also includes second-place Johnnie Allen of Bethune Cookman at 32.2 and Mike Davis of Virginia Union at 32.1.

Last week's leader, John Rinka of Keynon, Ohio, dropped down to seventh place in the figures compiled by National Collegiate Sports Services on games through Jan. 20. The statistics were released Friday.

Oscar Smith of Elizabeth City, N.C., retained the lead in rebounding with a 23.4 average but there are new leaders in field goal percentage and free throw accuracy. John Haas of Monmouth, N.J., has a .683 field goal average with 95 of 139 attempts and Gary Davis of Wilmington, Ohio, is first in free throw average 51 of 52 for .981.

In the team statistics Norfolk State (Virginia) is tops in offense with a 114.5 average for 10 games and Ashland (Ohio) is first in defense with 36.9 points per game against them in 14 games.

Huskies Serve Hockey Notice

By The Associated Press

Michigan Tech is giving notice it is back in the thick of the fight for the Western Collegiate Hockey Association title.

The Huskies bombed Minnesota-Duluth 7-2 Friday night to move in on leaders North Dakota and Denver.

In the only other WCHA game on tap, Michigan nipped Minnesota 5-4.

Michigan Tech, now 7-2, is second to idle North Dakota, 9-2-1, and ahead of Denver, now 9-3.

Ed Shillington, Al Karlander, Brian Watts and Fred Hall scored in the first period to push Tech off to a 4-0 lead. Shillington and Karlander each scored twice for the Huskies.

Michigan rallied from a 4-2 deficit to beat Minnesota. Paul Domm's third goal of the night pulled Michigan, now 4-3 in league play, to within one goal of the Gophers at 15:41 of the second period. Dave Perrin knotted the score at 16:41 and Lars Hansen got the winning tally at 7:51 of the final period.

Beamon Setting Sights On Record Broad Jump

OAKLAND, Calif. (AP)—Bob Beamon plans to reach 28 feet in the long jump and then play professional basketball.

The 21-year-old sophomore at the University of Texas at El Paso won the long jump at only 26-10 at the Athens invitational indoor track and field meet Friday night at the Arena.

"I was kind of depressed about my performance," said Beamon, who recorded 27-1 for an American indoor record last week. "I haven't reached my peak. Ralph Boston has been warning me against peaking too early before the Olympics. I can hit 28 feet; 27 is just a good jump."

The slim 6-2 Beamon says he will turn out for basketball next season at UTEP en route to a pro career.

Beamon, who shoots for his sixth straight indoor victory to-night in Albuquerque, N. M., shared the Athens spotlight with several others before 6,742 fans.

Lee Evans of San Jose State overtook Ron Whitney of the Southern California Striders and won the 600 in 1:09.7, sevenths of a second off the indoor mark. He also anchored a team that won the mile relay in 3:19.6.

"He ran a terrific, tactical race," said Evans' coach, Bud Winter.

A sore hip kept former San Jose State star Tommie Smith from a scheduled appearance in the mile relay.

Tracy Smith, former Oregon State star now in the Army, passed Van Nelson of St. Cloud

State when Nelson was struck by a falling pole at the vault pit, and won the three-mile in 13:24.9.

Nelson regained the lead but Smith sprinted away and won by 30 yards. Smith, hopes to run the 5,000 or 10,000 meters in the Olympics.

MSU Baseball Coach Is Dead

EAST LANSING (AP)—John Kobs, 69, Michigan State baseball coach for 39 years, died Friday at his home at East Lansing of a heart attack.

Kobs was known as a prime developer of pro baseball material although he made a crusade of fighting the professional signing of players before they graduated from college.

Among players who trained under Kobs before going on to the major leagues were pitchers Robin Roberts, Dick Radatz, Ron Perranoski and Ed Hobaugh and outfielder Al Ladd.

Former MSU players for Kobs who became college head baseball coaches included Ed Sobczak at San Jose State, Wendell Lawrence at Air Force and Frank Pellerin, the present MSU coach.

Kobs coached baseball for the Spartans from 1925 until 1963. He only had four losing seasons and his record was 557 wins and 364 losses.

In his early years at MSU, Kobs also was hockey and basketball coach and an assistant football coach. He gained MSU its only Big Ten baseball title, in 1954.

Kobs was one of the founders of the American Association of Baseball Coaches and became one of its first presidents in 1945.

At the time of his death he was secretary of the U.S. Olympic Baseball Games Committee, of the NCAA Baseball Rules Committee and of the NCAA Summer Baseball Committee.

Born in Cavalier, N.D., Kobs graduated from Hamline College, St. Paul, Minn., in 1921. He lettered in baseball, football and track at Hamline and coached there for three years before moving to MSU.

Denver Kegler Retains Lead

DENVER, Colo. (AP) — George McDonald of Denver, ahead from the halfway mark, leads four other pros into Saturday's nationally-televized finals of the Professional Bowlers Association \$40,000 Denver Open.

Also reaching the final day are Dave Soutar of Detroit, Don Johnson of Kokomo, Ind., Jimmy Certain of Huntsville, Ala., and Earl Johnson of St. Paul.

McDonald's total for 40 games was 9,752. This included 450 bonus pins he picked up for winning nine of his 16 matches in Friday's match game play.

The 33-year-old McDonald, who is seeking his first PBA title, will sit out while the other four battle each other to face McDonald in the final match. Top prize is \$6,000.

Lakers On Move But It Will Be A Lengthy Trip

By The Associated Press

The Los Angeles Lakers are on the move, but it's going to be a long trip.

Led by a hot second half from Elgin Baylor, the Lakers won their sixth straight National Basketball Association game Wednesday night, downing the Boston Celtics 118-112 in Boston.

Trouble is, the St. Louis Hawks, leaders of the Western Division, also won Friday, beating New York 103-94 in St. Louis and stayed 10 full games ahead of the Lakers, in third place.

In other NBA action, Philadelphia topped visiting Cincinnati 123-113 and Baltimore overcame San Francisco 125-110.

In the American Basketball Association, Pittsburgh beat Minnesota 115-107, Denver took New Orleans 104-94, Dallas downed Houston 122-96 and Kentucky nudged Anaheim 96-93.

Baylor scored 24 of his 35 points in the final half as the Lakers broke a 76-76 tie in the third period, outscoring the Celtics 9-2. Sam Jones led Boston with 27 points.

Cazzie Russell, for whom the hot hand is becoming a habit, scored 21 points in the final period—and 31 in the last half—but it was not enough to beat the Hawks. Zelmo Beaty led St. Louis with 25 points.

Hal Greer and Luke Jackson led a third-period surge for the 76ers. Greer finished with 36

points and Jackson had 21. Wilt Chamberlain had 22 points, 22 rebounds and 12 assists. Connie Dierking led the Royals with 33 points.

Baltimore overcame a 13-point halftime deficit as Earl Monroe dropped in 35 points on the West Coast. A 17-6 spurt at the start of the third period got the Bullets back in the ball game.

points and Jackson had 21. Wilt Chamberlain had 22 points, 22 rebounds and 12 assists. Connie Dierking led the Royals with 33 points.

MANISTIQUE

DON CHAPUT, Lansing, editor and research director of the Michigan Historical Commission, Robert M. Wagner, associate professor of history at the University of Michigan, and Harold Cockram Jr., president of the Schoolcraft County Historical Society, discuss historical research at a recent meeting. (LaBrasseur Photo)

Questions Trigger Historical Research

"When doing historical research . . . take off the blindfold . . . step back and ask why it happened?" Don Chaput, editor and research director of Michigan Historical Commission, told members of the Schoolcraft Historical Society.

The meeting at Manistique High School attracted about 50 members. Members of a newly organized Junior Historical Society were also present with their advisor, Evelyn Schuster.

Chaput, who has done considerable research in the field of Indians and fur trade, gave some interesting statistics regarding an 1880 agricultural census of Schoolcraft County and aptly illustrated the idea that "questions lead to knowledge."

He used four families of the

area: Richey, Bouchard, Ruggles and Brasse and gave statistics of acres, animals and equipment to provoke unanswered questions. He discussed museums, archives and publications as pertinent to responsibilities of Michigan Historical Commission.

Robert M. Warner, associate professor of history at the University of Michigan, a trustee of the Michigan Historical Society and Director of Michigan Historical Collections at U of M, discussed the responsibilities for historical research regarding archives at U of M, printed history and manuscript collections of state, people and institutions (including those of the late J. Joseph Herbert of Manistique, a former Regent of U of M) and the collecting, organizing and catalog of such material for use and the development of historical evolution.

For his research topic he chose a political subject: Chase Osborn, the only man from the Upper Peninsula to be elected Governor of Michigan. He traced the campaign managed by Frank Knox during 1908, 1909 and the election in 1910. He also discussed the issues of that time, the platform, the techniques used and the winning results.

The group was advised of the building of an Indian Museum at the Indian Lake State Park and needed material that local society could assist in providing.

Social

Anniversary Party

Mr. and Mrs. Dewey Salter, Manistique, were guests of honor at a surprise party given for them by Mr. and Mrs. Leo Dean, celebrating their 49th Wedding Anniversary on Jan. 20th. Cake and other refreshments were served and cards were played. Mr. and Mrs. Salter were both born in Manistique and have lived in Detroit for the past 43 years before moving back to Manistique. They have six children, 15 grandchildren, and nine great-grandchildren.

Bridge Club

Mrs. Earl H. LeBrasseur entertained Bridge Club members on Thursday, Jan. 25th at her home on Range St. Prizes were awarded to Mrs. Fred Gorsche, first; Mrs. Carl Carlson, second and Mrs. William Hentschell, low. Mrs. George was a guest.

Study Club

Mrs. Jack Orr will present the book review for Study Club on Monday evening, Jan. 29th at the home of Mrs. Fred Cayia Jr. Mrs. Carl Carlson will be the assisting hostess.

Births

GUERTIN — Mr. and Mrs. George Guertin of Lombard, Ill., are the parents of a son, Stephen Michael, born Jan. 14th at St. Elizabeth Hospital in Chicago. Mrs. Guertin is the former Mary Alice Lambert, daughter of Mr. and Mrs. W. James Lambert of S. 1st St. The paternal grandparents are Mr. and Mrs. Louis Guertin of Garden Corners.

Isabella

Entertains

Mrs. James Krutina entertained the 12 Belles Bunco Club at her home on Jan. 23rd. Prizes were awarded to Mrs. Gerald Groleau, Mrs. William Donnell, and Mrs. William Sass. Special prize was awarded to Mrs. Ed Groleau. Mrs. William Sass will be the next hostess.

Ford Invests In Argentina Plant

BUENOS AIRES (AP)—Ford Motor Co. will invest another \$25 million in Argentina this year as a show of confidence in this country's economic policies, Ford President Arjay Miller has announced.

Miller talked to newsmen after a meeting with President Gen. Juan C. Onganía and Economy Minister Adalberto Krieger Vasena.

Miller, who is making a Latin American tour, said Ford plans to start producing here by 1969 a larger car than the compact Falcon now turned out at the Ford plant in General Pacheco, 25 miles north of Buenos Aires.

Exports Boosted

TOKYO (AP)—The Japan Automobile Manufacturers Association said Friday Japan exported 362,245 vehicles valued at \$501.81 million, in 1967, up 41.6 per cent from 1966.

The United States was the leading importer, with 82,552 units.

Although Westminster Abbey is now a place for the coronation of English kings and the burial of famous British dead, it was built in the Middle Ages as a home for a group of Benedictine monks who lived a very simple life there.

Illinois Democrats Boost Shriver As Dirksen Opponent

By The Associated Press

Antipovity chief Sargent Shriver reportedly has the informal backing of leading Illinois Democrats to run this year against Senate Republican Leader Everett M. Dirksen. But Shriver hasn't revealed any political plans.

And a pollster said the people have more faith in the Vietnam war than in President Johnson, who's conducting it.

The Chicago Sun-Times reported that an informal poll showed Shriver had the backing for the senatorial nomination in Illinois among a dozen members of the Cook County (Chicago) Democratic Committee who are closest to Mayor Richard J. Daley.

Met With Daley

Shriver, brother-in-law of Sens. Robert F. and Edward M. Kennedy, met with Daley last Friday.

Housewives Seek Non-War Duty For Father Of Five

TRENTON (AP)—Three Michigan housewives said Friday they have collected more than 4,000 signatures from persons outraged over plans to send an Air Force sergeant to Vietnam, leaving five motherless children behind.

"We're going to wrap up the whole lot in one great big bundle and send them to the White House," said Mrs. Delbert Loggins of Trenton. "We think it's outrageous that this man is being sent into a combat area under the circumstances."

Mrs. Loggins was referring to the case of S. Sgt. John L. Wolfe, whose wife died two years ago. Wolfe plans to leave his children in an orphanage and with relatives during his Vietnam tour.

The three housewives include Mrs. Robert Cooley of Trenton and Mrs. Ervin Saigon of Pontiac. They have been collecting signatures and letters of protest ever since they learned of the case last week.

"At least they could send him into a noncombat area—like Germany or Japan or someplace—if they insist on giving Sgt. Wolfe an overseas assignment," Mrs. Loggins said.

She said she would like to see Congress pass a law which would prevent such a situation from arising.

Briefly Told

The Public Safety Ambulance is reported taking Felix Juskevics, Cooks, from his home to Schoolcraft Memorial Hospital at 10:08 p.m., Thursday.

Wife Waits Word Of Pueblo Sailor

GRAND RAPIDS (AP)—The wife of one of the sailors reported captured aboard the Pueblo is living in Grand Rapids and said she is waiting for word of his safety.

"I'm so worried he may have been injured in getting rid of secret information," Mrs. Flavinia Strickland said of her husband, Larry, 20, who entered the Navy in 1965.

He was an electrician aboard the vessel when it was captured off the coast of North Korea.

Mrs. Strickland and the couple's 5-month-old baby, Gina, are living with an invalid woman for whom she was caring but plan to move to the home of her in-laws who live in Grand Rapids.

A native of the Philippines, Mrs. Strickland met her husband in San Francisco where she worked in the USO and hasn't seen him since May.

Strickland's parents are Mr. and Mrs. Lawrence O. Strickland.

King Solomon ruled for 40 years, from 943 to 903 B.C.

Card of Thanks

Bouchard

We wish to thank our friends, neighbors and relatives for their kindness and sympathy in our bereavement, the death of our dear Mother, Zelma Bouchard. We are grateful to Rev. Father Stephen Mayrand, Father Wayne Marcotte and Father Isaac Walter for their comforting words. To the Hospital and Pinecrest Medicare, to Ailo Funeral Home, the pallbearers, drivers, those who sent flowers, food and spiritual bouquets. We thank you all.

The Family Of Mrs. Zelma Bouchard

In Memoriam

Bowden

In loving memory of our wife, mother and grandmother, Phyllis Bowden, who passed away two years ago, January 27, 1966. Treasured thoughts of one so dear. Often bring a silent tear. Thoughts return to scenes long past. Time tells on but memory lasts.

Attend the Church of Your Choice

View from your Window

What do you see from your window? Another house across the street? A wheat field? A pine forest? A placidly flowing river, or an endlessly crashing sea? Your view, of course, depends on where you live.

The kind of church you go to—whether it is Gothic in style or white frame, a pale pink stucco built in a Spanish manner, or a domed cathedral, depends, too, upon where you live.

But whatever the size . . . whatever the shape . . . the Church is the Church. God's House assumes many forms on earth, but in all of them you will find His teachings, His word, His spirit.

Go to your church next Sunday.
